PRESIDENT'S REPORT

Well it has been quite a busy month and Big Red is back in town.
At the September meeting we discussed the models for the kids on Young Eagles day and Jeff being the gentleman he is picked up about $500 worth of models and tools. The Young Eagles Day itself was nicely organized by Doug and on the day (that didn't look promising) we went to High River to be ready in case the weather miraculously improved to allow us to fly. Not the case, but about 10 kids showed up and some registered for the alternate day on Sunday. Not all the pilots could go but 4 could so they agreed to come out Sunday to take the kids for a ride weather permitting.

At the meeting on Thursday I would like to keep the meeting part of the evening short to allow good discussion with our presenter, Ed Wischmeyer.

I would also like a short discussion in our group to pick 2 projects for us to do and we could set up the timeline and execution of the project over the next period of time. Well keeping it short and sweet I will stop at that and see you on Thursday.

Vice PRESIDENT'S REPORT

The Chapter speaker for our October meeting will be Ed Wischmeyer. Ed holds a Ph. D. from MIT, an Airline Transport Pilot Licence, and is a Certificated Flight Instructor, single, multi-engine and instrument flying. He has written extensively for Kitplanes magazine and InFlight USA. He has flown an astonishing number of aircraft, and has written pilot reports on many of them. He currently does technical writing, including preparation of user manuals for Eclipse Aviation and Chelton Flight Systems. Ed's list of Planes flown is shown on page 3. Don't miss the October meeting and the chance to hear Ed speak!

Cheers, John.

Soren's Big Red enroute to High River. Can anyone guess what and where this is?

Types flown by Ed Wischmeyer. Bold indicates pilot report published.

Who We Are

We are an enthusiastic group of like-minded individuals from various backgrounds who share a passion for recreational aviation in Southern Alberta and we offer the chance to meet others who combine fun with learning.

FOR SALE

Aviation items for sale call Ted Burgoin 403 852-6424 or email <burgted@gmail.com>

Lycoming 0-320 150 hp first time run out removed from C172 in 1995, 1 mag, no starter $2500 obo

Piper Tri Pacer fuselage and tail sections offers?

Pitts S1c 180 hp Lycoming wings removed TTSN 500 hrs, engine TTSN 700 hrs, symmetrical wing kit partially completed nicely built $30,000 obo

Cassutt racer wing structure less ply covering c/w Cassutt plans $300 obo

How to Join Our Chapter

Attend our next chapter meeting. Ask for anyone and they will be pleased to help. All the required forms will be made available for you to fill out. You must be a current member of EAA International, so please have your EAA membership number. If you are not a member, you can join EAA at the meeting.

Contact us by post at
EAA Chapter 1410
Box 5280, High River, Alberta T1V 1M4
Or by email at
president@eaahighriver.org

For registration forms contact the treasurer (see the list of the executive below).

Please update your web member profiles

On our web site, in the member's section, there are many pictures and profiles that are quite dated (aluminum parts which are now beautiful flying machines). The updates should be sent to the webmaster (webmaster@eaahighriver.org) Please supply: Name, project or aircraft, facts about your project and area of aviation interest.
