EAA Chapter 878

A Chapter of the
Experimental Aircraft Association (EAA)
Oshkosh, Wisconsin

Serving the aviation communities of:

- *Buffalo*
- *Maple Lake and*
- *surrounding areas*

Since 1986

What is EAA Chapter 878?

Chapter 878 was established in 1986 at the Maple Lake Airport at Maple Lake, Minnesota.

We are a group of aviation enthusiasts, aircraft builders, and pilots who get together with like minded people to share ideas, exchange information, encourage safety, serve the local aviation community, and have fun doing so.

Our members come from throughout the central Minnesota area west of Minneapolis, encompassing the beautiful “lake country” in the neighborhoods of the Buffalo and Maple Lake airports.

Chapter meetings are held monthly and vary in location from these two airports to member homes or workshops.

Join us!

Whether you fly, build, restore or simply enjoy airplanes and aviation, you are invited to attend our events and join our chapter.

You don't have to live locally to enjoy Chapter 878 membership. All members receive a subscription to our newsletter, ***The Maple Lake Flyer***, plus other chapter related correspondence via email.
