

# Current EAA 113 News Updates

Finally...the Covid clouds are lifting and blue skies are appearing ahead. EAA 113 is beginning to make plans for upcoming adventures! We must still operate under the guidelines set forth by state and national agencies but are planning our course to safely follow their directions. These rules are fluid and outlook is for further clearing soon. Until then, we will operate as permitted.

## Current regulations as they apply to EAA 113:

The EAA 113 Aviation Center can now be opened at 50% capacity. Masks are required for all individuals NOT fully vaccinated. This mandate applies to all rooms in the facility, including the hangar even with the door open. Unvaccinated people should continue to social distance, as well. Food and beverages need to be served by individuals wearing masks and gloves regardless of vaccination status. At this time, we will forgo any potluck meals to ensure food preparation guidelines are maintained.

## First Stop on the EAA 113 Return to Normal Journey:

**“Hot Diggity Dog, we can meet again!”** For our first adventure together after many months, we will have a simple picnic prior to the June General Meeting on **Thursday, June 17th at 6:30 p.m.** The

Chapter will serve grilled hot dogs, a picnic salad and chips. If you would prefer, you may bring your own personal picnic food. Please do NOT bring food to share with others for this event. Let's not forget the best part . . . we will also celebrate our 60th Anniversary by serving cake! Tables will be spaced out in the Hangar, or you may bring your own lawn chairs. Don't forget to wear your name badge . . . it has been awhile since we've been together! In addition to our guest speaker, Kelly Burris, the three Aviation Scholarship winners are expected to attend the evening. Join us in celebrating our scholars, our 60th anniversary, a ceremonial ribbon cutting of the Zimmerman Workshop and just being able to finally get together again!

## Future Stops on our Journey Forward:

Other exciting stops on our return flight to normalcy are being planned for this Fall. We are continuing to monitor the ever changing guidelines under which we need to operate and will set dates once they can be confirmed. Look for our 60th Anniversary Awards Banquet, a couple Young Eagle events, a Youth Workshop and perhaps even a Fly-In yet this year .... And more! We have lost time to make up for! It is time to get EAA 113 back to the social aviation place to be!
