

The Frederick Flyer

President's Message

Greetings EAA Chapter 524 Members and Friends,

Now that we have recovered from the AOPA Fly-in, it's time to reflect on the event and plan for AirVenture!

I would like to start with a huge Thank You to all of those who helped with the pancake breakfast detail. We went through about twenty-five pounds of pancake mix both days! The Chapter House looked so good painted, with the signs cleaned up and the banner hung on the wall facing the Flight Center, it was the first thing people saw as they entered the event! With Steve's RV-9A parked next to the hangar and the Cub project tucked away safe and sound in the hangar, it was out of the elements and people attending the seminars could see it was well. A "well done" is extended to all who helped make it a great display to show what we are all about!

Friday had brought fairly poor weather to Frederick. The fronts just kept coming. With heavy rains, there were times when I thought we were going to need life vests! The main exhibit tent didn't leak but it was on the downhill side of the tarmac and a river flowed through it! Nonetheless, it hardly dampened the spirit of those attending!

Tricia and Will were the National reps sent to the fly-in and both were wonderful to meet and serve with. We talked to many people that stopped by, many who never heard of EAA, but they sure did know some about us by the time they moved on. There were many folks who joined National EAA over those two days and I think we had a few join our Chapter as well. I would say that overall it was a great event for our aviation community and a great way to get the word out about who we are!

Wishing you clear skies,

Mark Gosselin

Scholarships Awarded

At the May membership meeting, it was announced that Raegan Buzzard had been selected to receive the Chapter 524 \$10,000 Ray Aviation Scholarship. Sydney Gunther has been awarded \$1,800 from the Chapter scholarship fund to pursue her Sport Pilot license. Dean Stickell reports that both winners have begun their flight training.

Congratulations and good luck to both! We hope to provide progress reports in upcoming newsletters.

AOPA Fly-in

As Mark mentioned in his opening letter, the weather presented some challenges at the AOPA Fly-in on May 10th and 11th. However, our chapter volunteers still turned out in force to staff three different locations and events: the pancake breakfast, the workshops held in our chapter hangar and the EAA National booth in the tent. The Cub project team cleaned up the hangar and moved their project out of the way to set up for the workshops.

May Membership Meeting Minutes

02 May 2019

Meeting brought to order at 7:05 p.m. by Mark Gosselin

Mark G. began by thanking everyone who was able to help out with painting the Chapter hangar.

The AOPA fly-in is next weekend and AOPA is using the Chapter hangar for workshop space for the fly-in. We still need a couple volunteers to stay at the hangar to speak with anyone who's interested in the Chapter and what we do.

In regard to the Ray Aviation Scholarship, we ranked in the top 10% out of 749 EAA chapters who applied for the scholarship.

Dean, Neil, and Ernie announced that a recipient had been selected for the Chapter's scholarship fund. Sydney Gunther was awarded \$1,800 from the Chapter. Raegan Buzzard was selected to receive the \$10,000 Ray scholarship.

Jerry reported that the Cub's fuselage is now yellow and will be brought back to the hangar this weekend to have the landing gear put on before the AOPA fly-in next weekend.

Rex confirmed that EAA will have an electrical systems workshop at our hangar on June 22 and 23. Setup will be June 21 at 1:00 p.m. and should last about 2 hours.

The 50/50 was \$100 with \$50 going to the winner and \$50 to the scholarship fund.

For anyone going to AirVenture, communicate with Mark G. so we can keep track of all the Chapter members going and do a get together at AirVenture.

Mark Pankratz very humbly presented his program entitled "First time Builders Experience" and shared the highs and lows, lessons learned, and triumphs of his personal home building experiences.

Meeting concluded at 8:06 pm

Submitted,

Erick Webb, Secretary
