EAA Chapter 958 San Marcos, TX
Where every day is a good flying day!

August 2022 Issue

EAA Chapter 958 Meeting Saturday August 20th, 10:30 AM at the San Marcos Airport Admin Building; 4400 Texas Highway 21

The building is the lone building along the highway, just north of runway 13.

John Cyrier, Lifetime EAA Member, will give a talk on his recent trip to Oshkosh in the CAF Central Texas Wing P-39 Airacobra. John recently got checked out in the WWII fighter earlier last month and will answer questions about what it's like to fly it. He will also talk about the history of the P-39 and it's new markings reflecting WWII Triple Ace Bud Anderson's OLD CROW. John met the 100-year-old veteran and his family at AirVenture.

IMC meetings are held the third Thursday of each month at the KHYI admin Building.

Follow their [Facebook](#) page for more information or email [Gary White](#) to be added to the newsletter.

Volunteers Needed

Russell Ross will be unavailable to serve as Secretary for the chapter through the end of the year. He will be out of state part time and be working on personal projects. As a result, we need someone to step up and serve either as secretary or point person for the chapter to take inquiries about the chapter and pass on information to chapter members.

We still need one or two members to step up to assist Guy Bowen in running the meetings until such a time as we can get a new president. Rick

Cooper (Program Coordinator) has been good at finding speakers for the meetings. If you have someone who is willing to make a presentation, please contact him @ cooperrl@hotmail.com

July Meeting

We met at the management building for regular business, then carpooled to Jeff Stein's hangar where he gave us a summary on where he is on his project. Angel Gonzales demonstrated the use of his borescope on Jeff's Lancair project.

Young Eagles Update

We are planning to have a Young Eagles Rally on Saturday, September 17, at the CAF Centex Wing hangar here in San Marcos. We will have 16 slots and the flights will begin at 9:30 am and end at 12:30 pm. Launched in 1992, the Young Eagles program has dedicated 30 years to giving youth ages 8–17 their first free ride in an airplane. It's the only program of its kind, with the sole mission to introduce and inspire kids in the world of aviation.

Today, more than 2 million young people have enjoyed a free introductory flight through the Young Eagles program. These flights are made possible through the generosity of EAA member volunteers.

If you would like to be an EAA Young Eagle Pilot or Volunteer, check out the Young Eagle website at <https://www.eaa.org/ea/youth/free-ye-flights>

To sign up go to <https://youngeaglesday.org/> and click on the Sign-Up tab.

Thanks,

EAA Chapter 72 Raffle. Help Requested!

My name is Jim Steward and I am the President of EAA Bruce McCombs Chapter 72 in Falcon, Colorado. We were gifted a nearly complete and professionally built RANS S-19 with a factory new Rotax engine and propeller still in the box. Chapter 72 members completed the project and it is scheduled to be painted in June. We have elected to raffle this incredible airplane off. The proceeds of the raffle will be used to offer scholarships to future pilots and mechanics. In addition, we hope to acquire a new simulator in which to help these future pilots with additional training and at the same time provide a resource for other local pilots. **Our goal is to sell 2500 tickets at \$100.00 each by the drawing date of December 17th 2022.**

Would you please consider forwarding the attached flyer to your chapter membership and inserting it in your newsletter? The website for the raffle is www.eaa72raffle.org where you can find more information, official rules and purchase tickets. This would be a huge favor to me and the chapter. Hopefully, we may be able to repay this favor in the future.

Thanks so much for your consideration.

In 2018, a nearly completed RANS S-19 was offered to EAA Chapter 72 as a gift. After we got over the shock and pleasure of this gift, we determined the best use of this extremely well built aircraft would be to raffle the aircraft off. The proceeds of this raffle will be dedicated to scholarships for pilot and mechanic training. In addition, our Chapter will acquire a flight simulator for the region's pilots to use to maintain currency and advanced training.

In the interim, we have completed the aircraft with only final paint to be applied in June 2022.

EAA Chapter 72 will raffle off a brand new 2022 RANS S-19. There will ONLY be 2500 tickets sold at \$100 apiece and sales will begin January 1, 2022 and end on December 16, 2022, or sooner if the tickets are sold out prior. The raffle drawing will occur on December 17, 2022 or sooner if all tickets are sold.
