EAA Chapter 958 San Marcos, TX
Where every day is a good flying day!

Mar 2022 Issue

EAA Chapter 958 Meeting Saturday Mar 19, 1030 AM at the San Marcos Airport Admin Building; 4400 Texas Highway 21

The building is the lone building along the highway, just north of runway 13.

Speaker: Stacey Batch, who is the director of operations at the San Marcos airport. She'll update us on current and new events around the airport.

From Rick Cooper: I wanted to see if there was any interest in attending another EAA meeting, visiting a local museum, or any other activity that we might count as a monthly meeting. We could carpool, or meet at the location. If you have a preference or can suggest an activity or want to give a talk at the regular meeting, please contact Rick Cooper at the address below in the list of Chapter Officers.

CHAPTER OFFICERS

President – See minutes of last meeting below

Guy Bowen – Vice President - guy.bowen@c-fan.com

KHYI INSTRUMENT METEOROLOGICAL CLUB

IMC meetings are held the third Thursday of each month at the KHYI admin Building.

Follow their [Facebook](#) page for more information or email [Gary White](#) to be added to the newsletter.

Minutes of February Meeting

EAA Chapter 958 Officers and General Meeting of February 19, 2022

The chapter Officers meeting was convened with the following members present:

Guy Bowen – Vice President

Chris Davis – Treasurer

Russell Ross – Secretary

David Falleur – Young Eagles Coordinator

Angel Gonzales – Young Eagles Co-Coordinator

Rick Cooper – Programs coordinator

Grant Lannon – Newsletter Editor

Clell Bond – Past Vice President

The options concerning the need for a president were discussed with a plan to ask membership to volunteer to rotate meeting leaders considering the programs and newsletter and other responsibilities were going to be managed by other chapter officers and no member had stepped up

to volunteer for the president position. It was also decided that the chapter would permanently meet at the KHYI Administration building and hold special events such as the Young Eagles at the CAF hangar. It was also noted that the chapter has an accumulation of donated equipment and supplies that the chapter can sell for additional revenues.

At the regular meeting, attending members approved the proposals of the officers and The January and February EAA Chapter videos were presented by Rick Cooper.

Respectfully submitted,

RH Ross, Secretary

Young Eagles Update

Just a reminder that our next Young Eagles rally will be held on **Saturday, March 26** at the CAF hangar. The first group of flights will start at **10 am**. The other time slots are 10:45, 11:30, and 12:15. We have 9 kids registered so far. We have 4 pilots signed up. Thank you Peggy, Grant, Larry, and Bill.

We will need ground volunteers for safety. It would be great if we could have an aircraft for display and a volunteer to oversee it.

Angel, I hope you can bring your flight simulator.

Thanks,
Dave Falleur, Co-coordinator
EAA Young Eagles

A promotional poster for the 'Fly on the Ford' event. The poster features a blue background with a white airplane flying across it. The text is in white and orange. At the top, it says 'Fly on the Ford' in large, bold letters. Below that, it says 'EXPERIENCE THE GOLDEN AGE OF AVIATION'. In the center, there is a circular logo for the EAA Young Eagles. At the bottom, it says 'GEORGETOWN MUNICIPAL AIRPORT (KGTU) APR. 7TH - 10TH | AUSTIN, TX'. Below that, it says 'FLYTHEFORD.ORG', the EAA logo, and '1-877-952-5395'. At the very bottom, it says 'ADVANCE ONLINE: ADULT \$72 • CHILD (17 & UNDER) \$52 • WALK UP: \$77'.

The EAA Chapter 187 is inviting central Texas EAA chapter members to come to the Georgetown airport April 8, 9, 10 and experience the Golden Age of Aviation in a ride on the EAA Ford Tri-motor. This particular aircraft flew it's first flight on December 1, 1928. Thru it's life it has served many companies and owners. It is not owned by the Liberty Aviation Museum in Port Clinton, Ohio. It is leased to the EAA and it will be conducting a Spring tour this year with one stop being in Georgetown, Texas. This aircraft has been restored to original. The rides are \$70 in advance, \$75 walk up, and \$50 per child under 17.

For reservations and more info, contact the EAA at 1-877-952-5395 or to the web at FLYTHEFORD.org.

Or you can contact me as the Marketing Coordinator for this event.

David Hayek
cell 832-466-4480
email Dhayek1969@aol.com

We are also looking for sponsorships to help keep the Tri-motor flying. There are several levels of sponsorships. With these free rides are offered to the sponsor.

I would appreciate the recipient of this email to forward to your chapter members.

This will be a fun event and all are invited to come fly in the Ford. You do not need to be an EAA member.
