Gettysburg Barnstormers—EAA Chapter 1041

Gettysburg, Pennsylvania

Henry's Hangar

Hello Barnstormers! This month's column will be devoted to Invitations. I would like to invite all of you to participate in three upcoming important events.

The First Invitation is to come out to the airport on Saturday, May 29 for our annual Movie Night. We will have plenty of fresh-made popcorn and various drinks to go with it, and of course an aviation-themed movie on the big screen! We'll start the movie around 7:30 pm so we won't be leaving for home too late. I can't tell the title of the movie at this time so be sure to come out and enjoy a nice evening at the airport. If you have other plans for the Memorial-Day weekend, we'll excuse you!

The Second Invitation has to do with our June 5-6 Fly-In/Drive-In Breakfast. As you know, the virus situation of 2020 forced us to cancel both of our breakfast dates last year. This year is looking to be a real "make-up" time for many people, and I suspect we could have a record turnout for this June event. We need your help to pull it off! Wendi Clark is coordinating a schedule for volunteers, and we would really appreciate seeing your name on that schedule. Please offer to donate at least 2 hours to the Chapter on either Saturday or Sunday, or even better yet, both days. Don't forget that we need helpers to set up all the tables, chairs, and cooking/

serving lines on Friday evening too.

The Third Invitation is for the regular monthly June Chapter meeting, on Monday, June 7th. That's the day following our breakfast weekend and we'll do a recap of the prior 2 days along with a program that you'll read about in this issue of the Observer. During the June meeting, we hope to announce who will be the recipient of our 2021 Ray Aviation Scholarship so be sure to attend and learn more.

Would you mind if I slipped in a Fourth Invitation? AirVenture Oshkosh is coming up starting on Monday, July 26th and running through Sunday, August 1st. You've heard about this incredible EAA Convention for years, and this year will be extra special after the cancellation of the 2020 event. If you have not yet experienced all the excitement of what I call "Aviation Saturation", there is still time to make plans to be there. I know from 33 years of attending that you'll be amazed and inspired, regardless of your level of involvement in aviation.

Please take me up on as many of the Invitations above as you can!

Henry

THE OBSERVER

Editor's Notes

If you have read an interesting aviation related book let me know and I will include it in a future edition of The Observer

Gettysburg Barnstormers—EAA Chapter 1041

Gettysburg, Pennsylvania

June Speaker will be David Pape

Over the past year I have been working on designing and constructing a wind turbine for my capstone design project. Though not all aspects of the turbine could be completed due to time constraints, a working turbine was completed and tested. Although not implemented due to time constraints, my experience in Oshkosh, design features were able to be incorporated into the design that would have otherwise been difficult or impossible to include. “

Have an aviation related link? I'll include that in a future edition also.

VERY IMPORTANT

Volunteers are needed to serve at our 2021 Fly-in, drive-in breakfasts.

Volunteers are needed for the refreshment committee. There will be a sign-up sheet available at our Meetings. You may volunteer to provide refreshments for one meeting or several meetings. Cost is covered by The Chapter.

If you want refreshments at the meeting please volunteer!

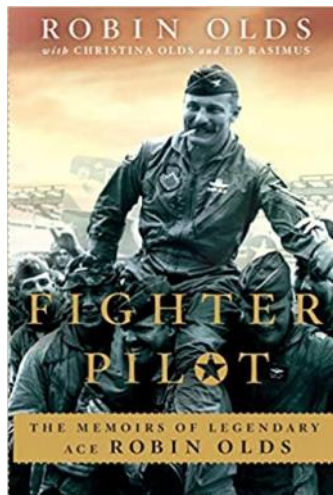

Book Review

Fighter Pilot: The Memoirs of Legendary Ace Robin Olds

by [Christina Olds](#) (Author), [Robin Olds](#) (Author), [Ed Rasimus](#) (Author)

Robin Olds was many things to many people. To his West Point football coach he was an All American destined for the National College Football Hall of Fame. To his P-38 and P-51 wartime squadrons in WWII he was the aggressive fighter pilot who made double ace and became their commander in nine short months. For the pioneers of the jet age, he was the wingman on the first jet demo team, a racer in the Thompson Trophy race, and the only U.S. exchange officer to command an RAF squadron. In the tabloid press he was the dashing flying hero who married the glamorous movie star. For the current crop of fighter pilots he is best known as the leader of the F-4 Wolfpack battling over North Vietnam. For cadets at the Air Force Academy he was a role model and mentor. He was all of those things and more

Famous fighter series continued The Republic P-47 Thunderbolt

Max Speed: 433.10 MPH

Range: 802 Miles

Maiden Flight May 6, 1941

Length: 36' 1"

Wingspan: 40' 9"

Manufacturer: Republic
Aviation

The Republic P-47 Thunderbolt is a World War II-era fighter aircraft produced by the American aerospace company Republic Aviation from 1941 through 1945. Its primary armament was eight .50-caliber machine guns, and in the fighter-bomber ground-attack role it could carry five-inch rockets or a bomb load of 2,500 lb. When fully loaded, the P-47 weighed up to eight tons, making it one of the heaviest fighters of the war.

Fly-Out Destination

The Fly-out destination for May will be discussed at the meeting. Fly-out requests can be made to Dick Young our fly-out Coordinator.

THE EAA 1041 SKY RAIDERS

The EAA 1041 Sky-Raiders have a scheduled fly-out on the 3rd Saturday of each month.

Each pilot will make their own go/no go decision. Please call or email Dick Young (717-521-7942) (dicknraney@comcast.net) no later than Friday afternoon if you plan to join the flight. Dick will make restaurant reservations at the destination airport; therefore, an accurate count of participants is appreciated.
