Gettysburg Barnstormers—EAA Chapter 1041

Gettysburg, Pennsylvania

## Henry's Hangar

By Henry Hartman

September! This month will see the second and final Fly-In/Drive-In Breakfast event of 2019. And we need your help to make it happen! Please look for more information about opportunities to assist with the breakfast in this issue of The Observer. We typically see a very high level of participation by you, our members, and we sincerely hope you will continue that tradition. Please come out and help us.

One of the most prolific things we do each year as Barnstormers is to sponsor young people to attend the EAA Air Academy at Oshkosh. We're pleased to announce that our Young Eagles Coordinator, Savy Maranto, has reserved 4 spaces for the 2020 Advanced Air Academy for Chapter 1041. Your help at our breakfast events will help to raise the money we need to fulfill the dreams of potential Air Academy campers. You can learn more at our September meeting when our 2019 Air Academy camper, Andrew Anderson, will speak to us about his week at Oshkosh.

Recently, our Chapter had a pair of aircraft donated to us. One of them was involved in a take-off accident and is damaged heavily. It's probably going to be a "parts donor", and the Chapter has an opportunity to realize some profit from the sale of various pieces. Does the Chapter have a member who is familiar and proficient with eBay, Craigslist, or other examples of that type of internet sales? If so, please get in touch with me to discuss how we can turn some aircraft parts into money for the Chapter.

We want to say a very special Thank You to Kathy & Gary Mathna for hosting our annual August Picnic at their beautiful airstrip. This

was a special year for The Mathna's, as they celebrated their 50<sup>th</sup> Wedding Anniversary a week earlier. Congratulations to a wonderful couple! We had a great turnout for the picnic and everyone went home stuffed. As usual, Homer Stambaugh supplied extra good sweet corn, we thank Homer for his generosity. And thanks to everyone for all the delicious side dishes and desserts that were so good.

Before finishing this column, I want to revisit the breakfast subject. Look in this edition of The Observer for the complete schedule of when we need your help. There is a need for volunteers starting on Friday and running through early afternoon on Sunday. Many hands will make the work light. Thanks in advance for your wonderful EAA Volunteer spirit!

Henry

Volunteers are needed to help organize the pancake breakfasts. Paul needs to take a step back and would like to be relieved of the breakfast responsibilities.

Gettysburg, Pennsylvania

The September program is a review of Andrew Anderson's experiences at Air Academy in July. Andrew is one of the younger attendees that we have sent to Air Academy so his experiences will differ from the older students that have attended. Come out and make him feel welcome.

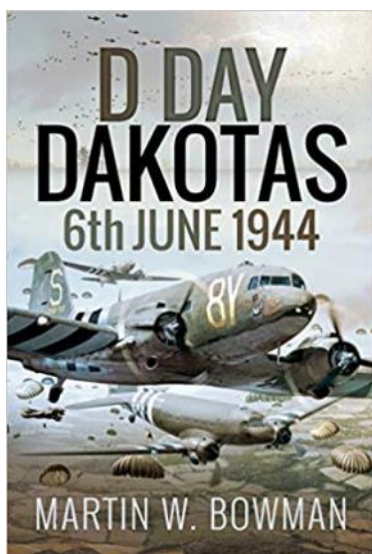

## Book Review

### D-Day Dakotas: 6th June 1944

by [Martin W Bowman](#)

On 18 December 1935 when the first flight of the Douglas DC-3 took place, few could have imagined that it would become one of the world's most celebrated aircraft of all time, not just as a commercial airliner but also as the C-47 military transport. When production ceased in the summer of 1945, a total of 10,926 had been built.

This wonderfully versatile aircraft played a significant part in airborne operations around the world; but perhaps its most notable employment occurred during the June 1944 Normandy campaign. This important episode within the wider history of 'D-Day' is enlivened here in classic fashion by Martin Bowman, in a narrative that features both extensive historical notes as well as deeply personal accounts of endurance and individual gallantry. *from both Allied and German personnel who took part in Operation 'Overlord' and the Normandy campaign.*

**Week 3 August 12th—17th**

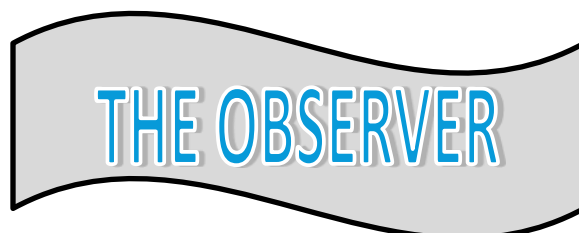

Hello Gettysburg Barnstormers,

This week I practiced all the maneuvers leading up to solo. I did simulated loss of power in the traffic pattern, crab and slips to land. I also went out to the practice field to go over stalls and slow flight again. At the end of the week I did my first solo. I went up with the instructor and did 3 take-offs and 3 landings. Then Once he was comfortable enough and I was comfortable enough, I performed 3 take-offs and 3 landings on my own. I was very nervous at first and then on the second go I was very excited.

## CIVIL AIR PATROL REPORT

The Gettysburg Composite Squadron of the Civil Air Patrol would like to thank our friends at the Gettysburg Barnstormers for your increased donation for our parking services at the June pancake breakfast. Because of your generosity we were able to fully fund two of our cadets to attend the Pennsylvania Wing STEM Academy this summer. Twin sisters C/SrA Kuhn and C/SrA M Kuhn studied Rocketry, Space & Astronomy, Cyberspace, and Robotics. The sisters are interested in careers in aviation mechanics.

The Squadron is planning our first ever cadet cohort this fall. We are actively recruiting new cadets and plan to start them at the end of September. They will progress together through their initial activities with the goal of their first promotion in early November. To that end, we attended "National Night Out" events in Gettysburg and Carroll Valley in early August. We are also hosting our first ever Open House and STEM Fair this coming Tuesday, August 27, at the Airport.

## STEM FAIR and OPEN HOUSE

**Tuesday, August 27th 7:00—8:30 PM**

Gettysburg Regional Airport

1130 Chambersburg Road (Route 30)

2.3 miles west of square in Gettysburg

USAF All-Volunteer Civilian Auxiliary

**Interested in aerospace careers, youth programs and service to your country?  
If so, the United States Air Force Auxiliary is for you!**

If you're 12 to 80+ and looking for a challenge, join us for an informative introduction to the official civilian auxiliary of the U.S. Air Force. Meet our cadets and hear first-hand what it's like to be a cadet. Learn about the incredible opportunities we have to offer, including **cadet training, leadership development, orientation flying, summer activities, academic scholarships** and much more! We'll explain all the benefits of belonging to one of America's finest youth programs. *Parents, please join us for this event as well. Air Force Auxiliary adult leaders will be on hand to answer your questions and tell you about opportunities for adults.*

## Fly-Out Destination

**Fly-Out destination for September will be decided at the September Meeting. Dick Young is the new Fly-Out coordinator. Please provide him with your fly-out destination requests**

**THE EAA 1041 SKY RAIDERS**

The EAA 1041 Sky-Raiders have a scheduled fly-out on the 3rd Saturday of each month.

Each pilot will make their own go/no go decision. Please call Dick Young (717-521-7942) no later than Friday afternoon if you plan to join the flight. Dick will make restaurant reservations at the destination airport; therefore, an accurate count of participants is appreciated.
