The Mission

Our mission is **INSPIRING INDIVIDUALS TO CHOOSE AEROSPACE CAREERS.**

To fulfill our mission, we offer:

- Multiple Interactive Virtual Reality Mobile Museums
- Aerospace Career Museum

Each mobile museum exhibit has the potential of reaching over 50,000 individuals each year.

The Vision

The Mobile Hot Air Balloons to Rockets Aerospace Career Museum Exhibit includes a custom designed double-wide expandable 53-foot trailer, offering 1,100 square feet of numerous inspiring high-tech, hands-on learning exhibits that are designed to engage visitors of all ages in the numerous aerospace career opportunities available to them. Our mobile aerospace museum will be built with a virtual reality air traffic control tower replica, flight simulators, cut-away models, 3-D holograms, touch screen kiosks, and much more.

The Goal

We are looking for \$1,500,000 from corporate industries and private individuals for the constructing, operating, scheduling, and managing of the mobile museum exhibit trailers.

With your partnership, we will accomplish the goal of giving flight to aerospace careers.

The previous owner, a good friend, pampered this plane for 40 years. I purchased it from him with the intent to bring it up to perfect condition and sell it. It is a delight to fly. Straight and level with hands-off, it indicates 105 mph. Everything works. There has been no expense spared in preparing this gorgeous old bird for the next owner. It draws a crowd and wins trophies everywhere it goes. Contact me to receive a photo album.
