

EAA CHAPTER 1128

Two Harbors Helgeson Airport

www.1128.eaachapter.org

It's warm and raining tonight at the lake and I am certain I have never written those words before in December. We will forgo our usual meeting this month and instead assemble for celebration at **Blackwoods on London rd. in Duluth. Thursday, January 11th** is the date and please try to get there by at least **6:00** so we can be seated and order our meals at **6:30**.

Mike convened the five of us at 6:30 and told us he had a program for our February meeting. Ron Williams is a meteorologist and will try to help us understand weather. Dave snuck in a quick story of how Mr. Williams got it wrong once with tedious results. Mike mentioned again that we need a new treasurer and that began a long discussion about the future of a chapter that can't fill its officer roster. To be continued.....

341

I didn't find mention of Christmas parties for our sister chapters on their web sites but my computer skills are sadly lacking.

ETC.

Please remember Chapter Dues are due. Send your check to Mike Busch at 4327 Gladstone st. Duluth 55804.

For the first time in over 30 years I logged some flight time in December. With my roots in ultralight and hang glider flying winter is usually a time to rest on the ground but if climate change continues to accelerate I may be logging time all year long. Good news bad news, I kind of miss the snow.

I hope your Christmas was merry and I hope to see you at our January Party. And if your flying season isn't over I wish you.....

.....Happy Landings!.....
