

MAPA NEWS

Mid-American Pilots Association

Our Leap Day Fly-In was a huge success! We had over 65 planes fly in from all over. Some came from as far away as Detroit and Kansas City! Over 300 people were served breakfast! More than 80 kids ranging from eight to seventeen got to join the World's Largest Logbook by taking Young Eagles flights. Ted Roach of TRPhotography was out and took several hundred photos of the event and Ted even went out to the end of

the runway and got some amazing shots of the planes coming and going as well. If you would like to see the link for all the photos just shoot them an email at TRPhotography@gmail.com

Please enjoy this photo collage of our super busy and incredibly fun day!

MAPA NEWS

Mid-American Pilots Association

Our March meeting was postponed due to the Covid-19 precautions and we hope to have a meeting on April 21st, subject to change. Updates on all of our news can be found on our Facebook page at facebook.com/flyMAPA/

Our next fly-in will be in the fall with food trucks!

We even had a chef making special order omelets!
