Speaker: Dwayne Bell

Dwayne, a retired airline pilot, will talk about his flying journey to Alaska.

An FAASafety Team seminar is tentatively scheduled for the April monthly meeting. Not yet sure of the subject.

Thank You!

It's no secret that the hanger building project, in progress, has pretty much depleted the chapter's treasury. This donation from the Booneville Airport could not have come at a better time and will go a long way to help the chapter meet it's goals, completing the hanger among them.

Mike Wyrick presents a \$500 donation from the Booneville Municipal Airport and the city of Booneville to Shirley Brown for Etna EAA Chapter 1156. .

At last month's meeting David Brown gave a very interesting update of his Sonex project. After the presentation David took everyone for a tour at his hanger across the runway from the clubhouse

Looking over that pretty UL engine.

Wings ready to go.

Hanger Progress

Work has started on framing out the front doors. Notice the plates that have been welded to the trusses to mount the door hinge bearings. Steel has been salvaged from scrap, generated from modifying the trusses, to be used as the door frames. A lot of work there that doesn't show.
