Runway 9-ish  
Etna Airport—2AR1  
N 35 22.21 W 93 50.25

**Next meeting:**  
**Sunday February 17, 2019, 2 pm**  
**at the Etna Club House.**

**Snack and Social at 1:30**

**Speaker: David Taylor - On his**  
**Zenith CH-701 STOL Project**

This is a CH-701 performing an unrecommended maneuver.

# Hanger Project

Well, we have broken a little ground. The beginnings of a foundation are appearing on the east side of the club house. You can get an idea of the size of the hanger now. It's pretty much filling up the rest of our plot of land.

The plan is to form up the stem wall on one side, place the concrete, then reuse the forms for the other side.

Hopefully the foundation work can be completed before the March meeting, but that is very much dependent on weather and the availability of cheap and willing labor. It's good to have a surplus of hands when you pour concrete because, if something goes wrong, you don't have a great deal of time to fix the problem. So if you would like to help with that, see David Brown.

The concrete needs to cure for at least a couple of weeks (really four weeks, but, heck those trusses don't weigh that much!) before setting the trusses. So, potentially, we might be able to start putting up some steel by the end of March.

## New Guy

Vaughn DeCoster is one of our newest members. So, of course, we immediately nailed him to be a speaker at our monthly meeting cause.... that's just how we are.

Thanks Vaughn for playing along. Think of it as a kind of initiation.

Vaughn answering questions after his presentation.

Got a little snow last month. A good time to try out those skis.
