## Next meeting:

**Sunday January 19, 2020, 2 pm at the Etna Club House.**

**Snack and Social at 1:30**

**Program: David Brown - Sonex-B Project Update**

David will give us an update on his progress, which has been considerable, building his Sonex-B. Unlike some of us, when David is building an airplane, he's building an airplane. After the update we will make the short walk to his hanger and take a look.

David Brown

## Hanger Progress

The west, north, and east walls are up and the doorways are framed, except for the very large one in front. The, patent pending, corrugated panel/insulation sandwich method of construction seems to be working out. Now all we need are doors and floors. After that we can start filling it with airplanes.
