Runway 9-ish
Etna Airport—2AR1
N 35 22.21 W 93 50.25

Next meeting:

Sunday September 15, 2019, 2 pm at the Booneville Airport.

— Please note the change of venue. —

Snack and Social at 1:30

The folks at Booneville will be providing Reid's BBQ.

Darrell Fitzhugh was our speaker last week. He spoke on his A240 Aerotrek rebuild project. He had planned to fly it in so he could do a walk around with us after his talk. Bad weather changed his plans. So he is going to try again this month and fly it to Booneville for the meeting and complete his presentation with a walk around of his plane. Hopefully the weather will cooperate this time.

Hanger Progress

Since the last newsletter additional cross bracing has been installed as well as the roof and wall purlins. David Brown and David Taylor spent some time experimenting with ways to clean off the sheet metal we were planning to use for the roof. In the process they found that the metal was so heavily rusted that there were pin holes in it and, therefore, would not be suitable as roofing. They are exploring other options and may have something to report at our upcoming meeting.
