## Bruce Cynamon & Rescue 911 Show...the Real Story

Our own Chapter VP was the guest speaker May 14th when he shared the 1991 taped episode of Rescue 911 in which his airplane, a Piper Cherokee 6, had a starring role in the show to help recreate the 1984 rescue event. The episode, narrated by William Shatner, dramatized the harrowing flight (St. Petersburg, FL to Fort Lauderdale) of a non pilot wife whose husband passed out (he later died) and she had to be "talked" down by pilot heroes in the local tower and with one pilot in the air following her. While the plane was damaged, she was able to land safely.

It was quite the timely topic since there had been a similar news story May 12th in Florida of a passenger who landed the plane with no flying experience. Bruce ended his presentation with advice for those who are non pilot passengers and what they can do to assist and prepare for such emergencies.

Ken Winkler, father of Chapter member, Brad Winkler, was a surprise special guest and shared his aviation experiences at the May mtg.

After the meeting, Ken Winkler had several members visit with him and look at his photo album and other memorabilia.

A great turnout for the May 14th meeting...

## What's Ahead in June?

June 11th Chapter Mtg - Steve Wolf's 60% Scale P-47 project will be on display in the Carlile hangar for the June meeting. Steve will update us on the progress of this project that he and Jack Hallett had been working on.

There will be a table of aviation items that Judie Betz gave to the chapter. Bring cash...donations accepted and all proceeds go to our Chapter. Thank you, Judie!

## Memories from Sun 'N Fun 2022
