PREZ SEZ:

What can I say; The Madras “Air Show Of The Cascades” was a great show, with record crowds, lots of airplanes and great fireworks display on Friday night.

All would have made for an excellent show if Marcus Paine of Anchorage Alaska, didn’t loop his Stearman Bi-plane on takeoff, (which was part of his act) and crash. I had my back to the show but heard the impact and started running to the line. Such a tragedy that cast a pall over the rest of the day’s show and events.

While we were there, the volunteer crew (Dale Anderson, Mike Robertson, Charles Brown, and Mike Bond) did an excellent job of informing the masses about our chapter, the “Young Eagles” program and showcasing the RV-12!

Lots of tire kickers and one gentleman wanted to buy it but, he couldn’t get in or out easily and when he was flying with me Sunday morning, could not operate the rudder pedals or brakes. Something about having his ankles screwed together and no movement at all, convinced him that he needs hand brakes.

Our next chapter meeting on Wednesday, September 14th, will be at the Robertson’s “Bend Builders Assist” hanger located @ 63032 Powell Butte Hwy. We’ll start with the “Young Eagles” portion @ 5 o’clock followed by “Burgers, Pizza & Brats @ 6.

This month, our chapter will be hosting a “Bend Airport Meet and Greet”! We have invited all of the local operators and businesses that have instructors, students and basically all operators that call the Bend Airport home. We’ll even have someone from the “Bend Business and Economic Development Dept.” here (at least they were invited)!

With so many different operations going on, along with the influx of new students and instructors, I felt the need to just have a “block party” so that everyone can get to know your neighbors. If we know the other guy, and know what he’s capable (or not capable) of, then maybe we can all get along better and be more “neighborly” to one another.

So, all are welcome! If you know someone that has an interest in safety and wants’ to get along with your neighbors, invite them to “come on down”!

We’ll see you there!

*Thomas Phy,
President*

Young Eagles Support Group Meeting

Wednesday, September 14, 2016, 5 PM
Robertson (EAA) hangar, Bend Municipal Airport

Agenda: Greetings, welcome new attendees, review of purpose, announcements

I'm in Vancouver BC during the Sept. meeting

Jim Mateski has volunteered to do a fabric demo - show & tell session for the Sept. meeting. He will also fly his airplane (fabric) to the meeting if feasible. So I suggest that Jim has the main topic and if you other guys could support him on that.

As for the October meeting, Zippy has the lead for a topic of his choosing.

I'll be back for November.

Dale Anderson,
Young Eagles Coordinator

Based on the buyer's needs. We have all of the capabilities to disassemble and transport the plane in sections. It is also possible to section out the plane out if you only require the fuselage, cockpit or the wings.

The cockpit can be used by all of the sim builders as the framework for one of most realistic replicas. We will have a separate auction just for the cockpit section as well.

If you are interested in the whole or a section of this aircraft, as well as any other aircraft parts for your needs, feel free to contact us anytime.
