PRESIDENT'S CORNER

Once again, we are in that time of year known as the "Season of Joy." We are getting together with our families and friends. As you know Happiness is not Joy. We are happy when we fly or build a project or sit around talking with our friends. Joy is the reason why we are happy. So what is the reason that we have Joy this time of year? This is not a big mystery and I bet you know the "Reason for the Season." Think about as many reasons as you can, but in the end, you'll agree there is only one true reason. Hope to see you at the Riverview Brunch. Wishing you happiness, but most of all Joy. Cheers, Dick

DUES ARE NOW BEING COLLECTED

Dues of \$35.00 are payable to "EAA CHAPTER 145" and can be brought to the monthly chapter meeting or mailed to Bob Swietek at the address listed at the end of the newsletter. And if you act now, we will include a DVD rewinding service.

THANKS MILLER

Many thanks to York Lynch for sharing the Ins and Outs of T.I.G. welding. The meeting was very well attended. York discussed and demonstrated the correct way to TIG weld. Welding is a mix of science and art, and York was able to relate both aspects in an understandable way.

Then we got a chance to try TIG welding...I certainly need more practice. Thanks York

WELCOME NEW MEMBERS

Welcome to new chapter members, Andy Herder and Greg Hulsebus. We look forward to getting you to know you more and to help with any questions about flying and/or building skills & tips and tricks when starting on your airplane project.

And thank you to our long-standing members. You have been the bedrock of this organization, thru the ups and downs, helping with the activities and fundraising events. This is an all-volunteer group, and certainly cannot be a success without all of your help. Thank you.

PROJECT OF THE MONTH

Gregg Kaat is building a Sonex "B" model. It is really coming along. The Sonex is on the gear, the wings and canopy are fitted. It looks like the instrument panel is almost done. Just need to hang on the engine and fill it with gas and go... probably a few more details to work out first. Good going Gregg!

EAA CHAPTER SURVEY

Please take a few minutes and take this EAA Chapter Member Survey. The survey will allow us to better understand the members priorities, interests, and goals. It also allows EAA HQ to know what areas they need to improve on, what areas the membership deems important. See website link below:
