EAA CHAPTER 145

SINCE 1962

Chapter Meeting: Saturday, Sept 10, 2022 – 10:00 a.m.
Riverview Airport (08C)–in the Main Hangar (see map on last page)

CHAPTER PROGRAM

An ADS-B specialist, Brian Paugh, will give a presentation on how ADS-B fits in with your flying activities. Brian works for Premier Avionics, Fort Wayne IN, and is the regions WINGS/FAASTeam Avionics Instructor. Let Brian answer your questions about ADS-B.

After the presentation, enjoy a pizza and beer lunch, about 11:30a.

PRESIDENT'S CORNER

This August has been an interesting month for flying on Saturdays. After extensive preparations for Young Eagle events on August 13 and August 20, however weather did not cooperate.

On Saturday the 13th, EAA145 volunteers went to Sparta to help Chuck with their Young Eagle rally. Then rain came, so we had breakfast and a good time "hangar flying" with 704 members.

The next Saturday, August 20, in Holland, we set up for online registration of Young Eagles in the new Fogg hangar. The marginal VFR weather with rain was not good for a young person's first A/C flight. So for safety and pleasure reasons, we canceled the Young Eagle activities. We had breakfast and a good time "hangar flying" with the volunteers at Wings of Mercy.

What does this say about flying activities in West Michigan? How about "Make the best of what you have". And with the EAA volunteer's spirit, "hangar flying" is always an option. See you at the chapter event this month; at least we're indoors and with pizza & beer!

Cheers, Dick

Open Cockpits at the Air Zoo

Visit the Air Zoo **each weekend in September** for your chance to get up close and personal with some of your most beloved aircraft! Air Zoo guests will have the unique opportunity to **view or sit*** in the cockpits of some of the most famous aircraft in history! Don't miss this amazing chance to "climb behind the stick" and get a true "pilot's eye" view of history!

The Air Zoo's open cockpit experience is FREE with your paid admission and offers great photo opportunities.

***RESTRICTIONS:** Due to the varying engineering and design elements, a weight restriction of 250 pounds is placed on each aircraft. Visitors must also have the ability to enter and exit the aircraft unassisted. Children wishing to sit in the aircraft must be supervised by their parents/guardians. Some cockpits are view only.

September 2022

President's Message

Hello Everyone.

Thanks to all of you who showed up for the July meeting at my hangar and for all the food and other goodies!

So, AirVenture 2022 is history. It was one of the best ones I can remember in the nearly 40 years that I have been attending. Two things stood out for me. First was the amazing demonstration of our military fighters - USAF F-22, USMC F-35 and USN F-18s, performing together with beautiful precision. The second was the Blackfly! (more about that at the next meeting)

For our September 7 meeting we will continue to enjoy our nice weather and camaraderie at Newman's Field, this time at the hangar of Dan and Ginger DeVillers.

I look forward to seeing you all there.

Bob Aardema,
EAA Chapter 221 President
