## CHAPTER PROGRAM

“Electric Aircraft Update” - Alex Taylor from ORB Aerospace, Lowell, MI, will give us a status report on the **SJX** eVTOL electric aircraft. By coupling revolutionary fuel cells with a novel airframe and proprietary propulsion technology, the result is an aircraft that can fit in your garage and land anywhere.

Check out ORB Aerospace at <https://www.orb.aero/>  
Of course there is a pizza & Beer lunch after the presentation.

## PRESIDENT’S CORNER

The Chapter meeting for October was our annual picnic and bonfire at Riverview. A couple dozen members, friends, and family shared the fellowship. The evening was cool, and clear, so the bonfire felt so good. The friendly conversation around the bonfire also warmed the heart.

Most of the sport aviation activities that I see around West Michigan involve someone just wanting to fly their airplane for the joy of it. EAA has reintroduced the “Flying Start” program to help get adults into sport aviation. So, next time you want to fly for fun, invite someone to go with you. Share the fun and introduce someone to sport aviation. EAA will support you with guides and information. Contact me for more information, it’s easy.

As the advent season approaches, keep in mind the Christmas Brunch at Riverview on December 11. We always have a great time with food, friends, family, and fellowship.

All the Best, Dick

## EAA #145 HANGAR

Currently there is a C-172 in the EAA hangar. There's space for smaller projects that could help keep the hangar active. Contact Dick Foster for details.

Due to weather, the October 30 Young Eagle Rally at Plainwell airport (EAA221) was postponed. Ginger DeVillers has rescheduled it for November 13. Stand by for results.
