

# CHAPTER 153

## PRESIDENT'S MESSAGE

JULY 2022

Hello everyone,

Many thanks to Howard Bohl with his amazing and rare 1939 Howard DGA-11 for their presentation on June 10th. We enjoyed the fine summer evening weather with fresh air and a beautiful sunset, each others company, ate 3 foot long submarine sandwiches, dined on desserts guests made and then learned a lot about this very rare aircraft. Thank you Howard and all who came.

The next and upcoming presentation on Friday July 8th will be on the main ramp in front of the big hangar and will start with delicious Jet's Pizza at 6:30 and then at about 7 we will admire, learn and hear about the great Piper Cub with Chris and Sean from Holiday Airways. You know you always wanted to fly one. They can teach you. Feel free to bring or make a fun dessert to share and to bring a chair. You may want to park in the lower level parking lot for easier access.

Our Friday August 12th presentation will again begin with a social get together and some tasty treats at 6:30 and then at about 7 Sebastian from CityWings Flight School will show us his remarkable Remos GX and discuss flying Light Sport Aircraft. This meeting is planned for Steve's E-51 hangar by the pond, but the exact location will be confirmed/announced next month.

\* Please send us a nice picture of your flying aircraft, so we can put it on our website and maybe in the newsletter.

\* Please feel free to make any suggestions for upcoming presentations and speakers you think we would enjoy.

\* Please feel free to bring any friends or family to any of our gatherings. We are also always looking for new members to join our Schaumburg Chapter 153.

Thanks to all who make us a great Chapter and who help us have fun!

*Bob*

completed RV-10

*Beautiful.....*

### Howard DGA-11 NC18211

- Built in Chicago by the Howard Aircraft Company in 1939. The sales price was about \$16,500 so was favored by wealthy businessmen and celebrities.
- At one time, it was owned by the Halliburton Oil Company and is now owned by the Howard Aircraft Foundation.
- Only 4 DGA-11s were produced and this is the only survivor. The design was a direct development of the famous Howard racing plane Mister Mulligan (DGA-6). Designer/pilot Ben Howard's "DGA" prefix stands for "Damned Good Airplane".

#### Specifications:

Engine: Pratt and Whitney R-985 (supercharged) 450 hp  
Fuel Consumption: Takeoff 45 gph; Cruise 25 gph  
Fuel Capacity: 127 gallons

Empty Weight: 2,450 lbs  
Gross Weight: 4,100 lbs  
Wing Loading: 22.2 lbs per sq ft  
Airfoil NACA: 2R212 (Reflexed)

Stall Speed: 69 mph  
Maximum Cruise Speed: 208 mph

Service Ceiling: 26,000 ft
