

# CHAPTER 153

## PRESIDENT'S MESSAGE

JANUARY 2023

Hello EAA 153 members and guests,

We hope you and your families are all well and enjoying Winter.

We had a very interesting and fun holiday dinner gathering and we really want to thank Ron for his great presentation on 'Warbirds'. His commitment to Aviation, our Chapter and the EAA Warbirds program is top notch.

**Our upcoming presentation and meeting will begin at 6:30 on January 13th in the lower level meeting room at Schaumburg Airport.** We will host the chili cook-off where we will sample some of the best chili in the area and then enjoy a birthday cake to celebrate our chapters forming in January of 1963. We will supply plates, spoons and drinks. So be sure to come hungry. Feel free to create your own best version of chili to share with the group and we will then offer prizes to all the cooks. After that we will have an open style Forum discussion and go around the room hearing what everyone's favorite one or two aircraft are and why. This could be your idea of your own personal use favorites or just the greatest planes that you've ever admired. If everyone explained their reasons for their decisions it might help some other members who are trying to decide what to buy or build for their dream machine. You may have too many favorites, so please limit it to 2. After that Forum we will go around the room again and discuss everyone's progress on their aircraft projects, flying trips, believable stories or maybe bring any show and tell items to show us. And then we could try to finish the cake, coffee and the chili.

Remember in January there are a lot of Education events going on including the EAA Builder Forums at the end of January and the Aviation Conference put on by the 99s on January 28th.

Remember that our chapter has some tools to loan out to members.

The membership form is attached or you can pay for 2023 dues at an upcoming meeting. Please feel free to submit any ideas you have for future topics and please consider writing an interesting story or helpful tips to put in the newsletter.

Also if you have your airplane photo ready and you would like it showcased on our website, then send me a nice picture of it.

Thank you to all of you for being part of our great EAA chapter 153! I hope we can pass our Chapter along to future generations and that they are still thriving after 60 more years. I hope they have a big cake then! Imagine what they will be flying!

Thank you to Madeleine for doing our newsletter each month.

See you soon and stay safe.

*Bob*
