always, Some News from National.

2022 Airventure dates are July 25 – July 31

Top Air Show Performers Commit to EAA AirVenture Oshkosh 2022

Some of the world’s top air show performers have made commitments to fly at EAA AirVenture Oshkosh 2022 as part of the afternoon and night air show lineups.

Those performers include aerobatic champions and longtime Oshkosh favorites for the 69th EAA fly-in convention, scheduled for July 25-31 at Wittman Regional Airport. The event features nine air shows over seven days, including night air shows on July 27 and July 30. The daily afternoon air shows are presented by Daher and Pratt & Whitney, while the Wednesday, July 27, night air show is presented by Covington Aircraft.

“This is already an outstanding all-star air show lineup and we’re just getting started,” said Rick Larsen, EAA’s vice president of communities and member programs, who coordinates AirVenture features and attractions. “There are returning performers, new air show acts, and particular aircraft connected with specific events and anniversaries. We’ll be adding more exciting acts and performances in the coming weeks that will again make the nine air shows during AirVenture week unforgettable.”

Among the returning performers and aircraft already on the schedule include:

- | | |
|--|---|
| AeroShell Aerobatic Team (T-6) | Jim Peitz (Beechcraft 33C Bonanza) |
| Chuck Aaron (helicopter aerobatics) | RAD Aerosports Jet Waco w/ Dell Coller |
| Eric Edgren (T-Clips) | Red Bull Air Force (Kirby Chambliss, Aaron Fitzgerald, Kevin Coleman, and more) |
| Kyle Fowler (Rutan Long-EZ) | Red Line Air Shows (RV-8 and Extra) |
| Kyle Franklin Comedy Act (Piper Super Cub) | Bill Stein (Zivko Edge 540) |
| Mike Goulian (Extra 330C) | Skip Stewart (Pitts S2S Prometheus) |
| Nathan Hammond (Super Chipmunk) | Trojan Phlyers (T-28s) |
| David Martin (Beechcraft Baron) | |

Patriot Parachute Team

Patty Wagstaff (Extra 300S)

Matt Younkin (Twin Beech)

Along with these early confirmations, many more exciting performers will be announced, including some only-in-Oshkosh performers and aircraft. Exact days for each performer and complete daily air show lineups will be announced as they are finalized.

Weekly and daily admission tickets for the 69th edition of EAA AirVenture Oshkosh, EAA's annual fly-in convention, are now available online for the event at Wittman Regional Airport in Oshkosh, Wisconsin, on July 25-31, 2022. Additional special offers and advance purchase parking passes will be available in the coming weeks.

"While we are still creating the schedule of programs, features, and attractions that will be at Oshkosh in 2022, aviation enthusiasts are already setting their plans to join us on the flightline," said Rick Larsen, EAA's vice president of communities and member programming, who coordinates AirVenture features and attractions. "We hear from numerous families who make AirVenture tickets part of their holiday gift planning."

Again in 2022, all attendees ages 18 and under are admitted free, supported in part by The Boeing Company. In addition, EAA members who purchase admissions prior to June 15, 2022, are eligible to receive their admission wristbands in advance via the Express Arrival program. Early purchase discounts are also available on both daily and weekly admissions. While admissions are available at the gate, early online purchase gives the best discounts, options for faster entry to the grounds, and additional information and insights prior to the event.

Meet the 2022 Raffle Airplane

The 2022 EAA Aviation Foundation raffle aircraft is a pristinely restored, showroom-condition, yellow-with-black accent 1946 Piper J3C-90 Cub.

Restored by Ellis Clark, EAA 71644, this Cub has many unique features, including custom goat-skin seats, struts from a PA-11, a custom-built cowling, and brand-new wings from Dakota Cub. Raffle tickets can be purchased for \$100 each at the EAA Aviation Museum, certain events throughout the state of Wisconsin, and on the EAA AirVenture Oshkosh grounds during AirVenture 2022.

VIRUS Alert: Know before you go.

Before attending or traveling to any destination or event listed, be sure and

email or call ahead to see if the event or destination is open and/or available.

Be safe and healthy.

EAA's Pilot Your Own Adventure Contest

Supported by Flight Outfitters®

Each aircraft has a story — what is the story of yours? Tell us the inspirational, entertaining, and informative true-life story behind an aircraft that you own, or that you once owned, and what makes (or made) it interesting. Every airplane has a “soul” — maybe it’s the story of its operational history, or the people that it connected.

Maybe your aircraft was passed down through generations, maybe it saw military service during wartime, or set records or flew or trained notable people in peacetime. It doesn’t matter if there were thousands — or even tens of thousands — of the type built, or if it’s rare or even unique, every airframe has tales to tell.

If we love the way you tell your aircraft's story, you might just win the AirVenture camping experience of a lifetime, or one of several other exciting prizes, as part of EAA's Pilot Your Own Adventure Contest, supported by Flight Outfitters.

To qualify, your story must be:

- True — all entries must be non-fiction, based on real facts, real events, and real people.
- At least 500 words, and no more than 1,000 words long.
- Accompanied by a minimum of two and a maximum of eight photographs with captions of no more than 30 words each.
- Typed or handwritten, and must be legible, clear, and easy to read.

The contest period runs from January 14, 2022, through March 14, 2022, at 5 p.m. CDT.

For all official rules and other details, including judging criteria,

EAA Chapter 1625 Chillicothe, OH Ross County KRZT

Please check out our Facebook page for the latest up to date information

<https://www.facebook.com/groups/2221359754604751/>

Our Board has been meeting & social distancing. Our next meeting is February 5th at 9 AM at the Golden Corral in Chillicothe on North Bridge Street. We have a short board meeting and open up for discussions. Everyone is welcome to attend as we then have breakfast/brunch.

Locations of our meetings will be posted on the website and on our Facebook page. Our Chapter dues are \$ 10.00 year. Make checks payable to EAA Chapter 1625. Checks can be mailed to EAA Chapter 1625 c/o Darlene Ford 2776 Kenilworth Rd. Columbus, OH 43219. Please include your EAA member #, address, phone number and your email.

Our new website is up and running. The direct link is <https://chapters.eaa.org/eea1625>

Also, we are planning some member only events and hope that you will join EAA Chapter 1625 and come along with us.

EAA Chapter 1629 Marysville, OH Union County KMRT

As always you can visit our website at <http://eea1629.org> for the latest up to date information regarding the chapter.

Now would be a good time to renew with the chapter if you have not already done so. You can renew your membership in one of three ways:

1. To renew your membership with a credit card or PayPal go to the following link: <https://eea1629.org> and click the Join or Renew link on the left.

2. Mail a check for \$10.00 made payable to The Marysville EAA Chapter 1629 to Marysville EAA Chapter 1629 760 Clymer Rd. Marysville, OH 43040

3. Bring a check for \$10.00 made payable to the Marysville EAA Chapter 1629 or \$10.00 cash (Correct Change preferred) to any of the Marysville EAA 1629 functions.

Our Facebook page can be found at <https://www.facebook.com/MarysvilleEAAChapter1629/>.

Our email is marysvilleeaachapter@gmail.com.

Our Chapter telephone number is 973-303-7392.

You can contact us for more details on the IMC Club meetings via email. Dr. Michael Stretanski, President of 1629 is our Coordinator along with Andrew Hale and me Darlene Ford as co-coordinators. Email marysvilleeaachapter@gmail.com

Meetings are held the 3rd Wednesday of the month. February is the 16th. We are meeting at Switchbox located at 4500 Mobile Drive, Columbus, OH 43220.

February's meeting will have a guest presenter.

[Michael Carr will be giving the presentation](#)

Marysville EAA Chapter 1629 Golf Raffle 2022

Prize: One foursome of golf including cart fee at
The Club at Tartan Fields
8087 Tartan Fields Dr.
Dublin, OH 43017

Tickets \$10.00 each

Drawing May 22, 2022

Vintage Aircraft Association's Chapter 22 - Antique and Classic

Located in Zanesville, Ohio, EAA Vintage Chapter 22's mission is to keep grassroots aviation alive through events, activities, meetings, and educational opportunities for people of all ages. Events include an annual FlyIn, Drive-In, Car Show held on the last Saturday of September. Activities include adventures to various aviation-related activities throughout Ohio. Meetings are held the second Saturday of every month. Finally, educational activities include club projects that allow people to get hands on experience with restoring an airplane from start to finish. We have also recently acquired a flight simulator to use for educational purposes as well.

We are planning some great events for 2022. Be sure to join our Chapter!

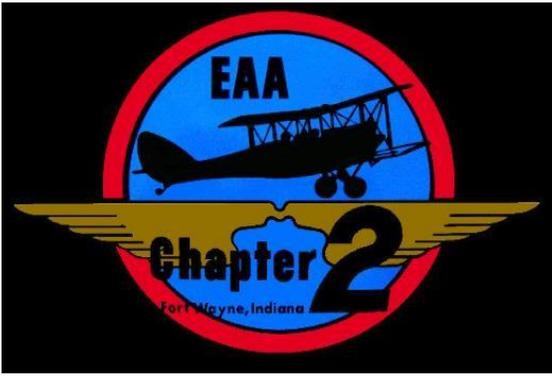

SAVE THE DATE!!!!!!!!!!!!

Fall Fly In

September 24 -25

It promises to be another great one! Stay tuned for more details.

EAA Chapter 421 Urbana Ohio Monthly

Chapter Gatherings:

First Saturday of Each Month at 10:00 AM Grimes Field Airport - I74, Champaign Aviation Museum, 1652 N. Main St. Urbana, OH 43078

Chapter Contact Information: President, Mark Curtner 937-726-1244 or
mcurtner@ohiohipoint.com

Elton Cultice the Airport manager at I74 sent this along. This could help other chapters with planning their events!

GRIMES FIELD (I74) URBANA, OHIO UPDATE

- 1. Mid America Flight Museum of Texas (Restoration Shop)** – currently have a Fairchild 71, New Standard, and their newest project is a 1937 Stinson SR9F (Hours – Monday thru Friday 9:00 am to 4:00 pm) (2021 EAA Antique Grand Champion 1929 Travel Air 6000 NC8112 was restored here at Grimes – it has since returned to display at their Texas museum site)
- 2. Grimes Flying Lab Museum** which has one of Grimes’s original Beech C45 aircraft that flies at special occasions, events, July 4th, etc. and examples of many of the lights and equipment that Grimes built (Hours – April thru November Saturdays 9 to 1, closed for the winter) Grimes is now Honeywell, still here in Urbana.
- 3. Champaign Aviation Museum** – Building B-17 Champaign Lady, flying B-25 Champaign Gal, Stinson, Fairchild, COD1 (Hours Tuesday thru Saturday 9:00 am to 4:00 pm)

Grimes is the only Airport in the U.S. with three operating museums.

- 4. Grimes Airport Café** – New Owners Mindy & Chat Orahod – same great food, adding some new dishes. Still making pies 100% from scratch, crust, filling, etc. (Hours – Tuesday thru Saturday 7:00 am to 8:30 pm, Sunday 8:00 am to 2:30 pm)

5. **Ohio Hi Point Career Center** (Bellefontaine) has an aviation class here. Champaign County high school students attend class first half of the day, then after lunch attend workshop/class here at Grimes where they learn about aviation. (pilotage, maintenance, administration, riveting, etc.)
6. **EAA Chapter 421** meets Hangar 6, first Saturday each month. All are welcome. More info - <https://www.facebook.com/eaachapter421>
7. **Champaign County Pilots' Association** meets first Wednesday monthly at Champaign Aviation Museum, library/training room – All are welcome
8. **2021 Grimes Field / FAA Construction Update** – In 2021 taxiway A5, the angled taxiway which was part of the old runway 5-23 was removed. Taxiway A2 was extended, it now extends from the Grass Runway all the way to the Terminal Ramp.

2022 Calendar of Events at Grimes

April 30th, Champaign Aviation Museum Gala - Our 10th Annual Gala guest speaker will be Captain Scott O'Grady. He is an F-16 Pilot whose story inspired the film, "Behind Enemy Lines." While enforcing a United Nations No-Fly Zone over Bosnia, Captain O'Grady's F-16 was shot down and he survived for almost six days behind enemy lines before being rescued by the U.S. Marines. www.champaignaviationmuseum.org

July 23, Grimes Flying Lab Fish Fry & 2nd Annual Twin Tail Beech Fly-In – Live Music, Beer Garden, Fish Dinner includes Fish, Beans, Slaw and either water, tea, or lemonade.....this is the weekend before Oshkosh Airventure we are expecting several Beech Twin Tail aircraft to stop in.

August 12, 13, 14, Grimes Field host Vietnam Wall & Military Appreciation Fly-In....The travelling wall will arrive Thursday morning and be set up through the following Monday morning.

August 20, MERFI - Mid Eastern Regional Fly-In / Car Show www.merfiurbana.org

Sept 9, 10, Champaign County Hot Air Balloon Festival www.balloonfestohio.com

October 8, Champaign Aviation Museum Remembrance Day www.champaignaviationmuseum.org

Dec 17, Grimes Flying Lab Christmas Party w/Santa Flying In
EAA Chapter 421 Young Eagles Day – date TBD

2021 Grimes Field / FAA Construction Update – In 2021 taxiway A5, the angled taxiway which was part of the old runway 5-23 was removed. Taxiway A2 was extended, it now extends from the Grass Runway all the way to the Terminal Ramp.

OHIO AIR & SPACE HALL OF FAME AND MUSEUM

NetJets, FlightSafety International announce major support of the Ohio Air & Space Hall of Fame and Learning Center

Naming of 'Founders Walk' and flight simulator stations will recognize commitment of organizations to the renovation of original Port Columbus air terminal and tower

This in from Ron Kaplan, Executive Director Ohio Air & Space Hall of Fame and Learning Center

C: (937) 212-8847 ronkaplan@ohioairandspace.org

(COLUMBUS, OHIO – January 10, 2022) Two international leaders in flight – Ohio-based companies NetJets and FlightSafety International (FSI) – jointly announced today a six-figure commitment to the non-profit Ohio Air & Space Hall of Fame and Learning Center (OAS) through an investment totaling \$225,000. This is the first investment of its type.

OAS is in the middle of a multi-phase, multi-million dollar fundraising campaign to renovate the original Port Columbus air terminal and tower into its home. The joint gift from NetJets and FSI will be used to unlock \$550,000 with a state matching grant, allowing OAS to begin construction on phase one of its plan. The 12,000-square-foot, three-story structure, dedicated in 1929 and on the National Register of Historic Places, is located on the southeast corner of what is now John Glenn International Airport (CMH).

When completed, OAS will recognize NetJets as the presenter of its "Founders Walk," a series of exterior public displays heralding the original terminal's historic significance and recognizing the key local and national leaders responsible for its creation. NetJets, the world's largest private jet company, was founded at CMH in 1964 as Executive Jet Aviation (EJA) and originally headquartered in Port Columbus Hangar One, located several hundred feet from the original terminal. EJA co-founder, the late Air Force Brig. Gen. Paul Tibbets, Jr., will ultimately be among the individuals honored at OAS.

FSI, the world's premier professional aviation training company and supplier of flight simulators, will be recognized as the named presenter of two flight simulator stations planned for OAS, with each station featuring a pair of simulators. One station will be available to the public among the first-floor OAS exhibits and displays featuring air and space pioneers from the state of Ohio. The second station will serve the aviation-themed Science, Technology, Engineering, Arts and Math (AvSTEAM) youth learning center housed on the second floor of the OAS. As part of its support, FSI will further assist OAS in the selection and operation of the simulators.

The Ohio Air & Space Hall of Fame and Learning Center is a 501(c)(3) non-profit organization with the mission of highlighting the state's men and women pioneers of flight, using their colorful legacies to help develop the skilled workforce and inspire the future innovation essential to keeping Ohio a leader in technology and aerospace.

The phase one goal of the OAS capital campaign is to commence renovation of the terminal in 2022. Upon completion, phase two will follow, raising additional funds to fully complete the project and OAS staffing, operations, and programming needs.

OAS Executive Director Ron Kaplan said, “On behalf of our Board of Trustees and our many donors and partners providing early support to this worthy project, I thank global industry leaders NetJets and FlightSafety International for their robust commitment to our vital mission. We look forward to working closely with them to educate the aviation leaders of the future and ensure Ohio’s dominance in the world of aviation and aerospace.”

“We appreciate the opportunity to invest in the Ohio Air & Space organization and hopefully help inspire the next generation of leaders in aviation—right here in our hometown,” –said Adam Johnson, NetJets, Chairman and CEO.

“We are particularly excited about helping OAS with the flight simulators that will be in their AvSTEAM youth learning center,” said Brad Thress, President and CEO of FlightSafety International. With education and continuous learning always top of mind at FSI, we are thrilled to be a part of this exciting endeavor.” **About NetJets Inc.**

Originally incorporated in 1964 as Executive Jet Airways, NetJets Inc. has been setting—and exceeding—industry standards for more than 55 years. Today, NetJets Inc. is proud to be a Berkshire Hathaway company known for its unwavering commitment to safety and service. It encompasses NetJets, Executive Jet Management, QS Partners, and QS Security and offers a variety of travel solutions customized to fit each Owner’s needs. This includes fractional aircraft ownership, lease and jet card options, aircraft management, private jet chartering, brokerage and acquisition services, and specialized security services. This is why so many of the world’s most discerning travelers choose NetJets Inc. generation after generation. It is also because NetJets has the largest, most diverse private jet fleet in the world, which grants anytime access to even the most remote destinations across the globe. To learn more about the leader in private aviation, visit netjets.com today.

About FlightSafety International

FlightSafety International is the world’s premier professional aviation training company and supplier of flight simulators, visual systems and displays to commercial, government and military organizations. The company provides training for pilots, technicians and other aviation professionals from 167 countries and independent territories. FlightSafety operates the world’s largest fleet of advanced full-flight simulators at Learning Centers and training locations in the United States, Canada, France and the United Kingdom. For more details, please visit flightsafety.com.

For more information visit www.OhioAirandSpace.org.

Welcome to Women in Aviation, Cleveland Chapter, we are a chapter of Women

Chapter 333, Experimental Aircraft Association, Inc.

[4322 S State Rd](#) [Ann Arbor MI 48108-9774](#) chapters.eaa.org/ea333

ea333president@gmail.com *****Note*****

Due to the current public health emergency, Chapter 333 is not hosting indoor meetings. We are instead using virtual/online meeting platforms. All meetings are being held according to the regular schedule below unless otherwise noted. Please check here for further updates as the situation evolves.

To attend any of these meetings, please contact ea333president@gmail.com requesting a link.

Rule-of-Thumb Schedule (specific dates may be altered per list below):

General Membership Meetings: Chapter 333 general membership meetings are open to the public and are regularly scheduled for the 2nd Tuesday of each month, 7pm, in the basement of the Ann Arbor Airport terminal. Sometimes we meet at other locations and if that is the case, details are below.

Business (Board) Meeting: Chapter 333 separates business from pleasure. The gritty details of running the chapter are formally discussed at these meetings. Any member, or person with business to conduct with the chapter, may attend. These meetings are held the 3rd Tuesday each month, 7pm, at the EAA Chapter 333 Welcome Center, 4322 S. State Rd.

IMC Club Meeting: Chapter 333 hosts a monthly IMC club meeting following the format prescribed by EAA HQ. These meetings are held the 4th Tuesday each month, 7pm, in the basement of the Ann Arbor Airport terminal.

Coffee and Donuts at the Clubhouse: Usually the Saturday following a business meeting and occasionally on a Saturday in a month having a 5th Saturday.

International Women's Air & Space Museum

The team at the International Women's Air & Space Museum has been working behind the scenes to revamp our programs and offerings, to ensure that we continue to inform, educate, and inspire. This process includes planning for all scenarios to eventually welcome people back for in-person events, and plan for our continued collections preservation projects. Beginning the week of March 15, the museum will reopen to visitors. We believe it is our responsibility to do so in a measured and responsible way.

All visitors to the Burke Lakefront Airport are always required to wear masks that cover both their nose and mouth. If you do not have a mask, the museum has some for purchase both in the online, and at the in-store gift shop. Hand sanitizing stations are regularly supplied and available throughout the building. The museum staff regularly disinfects high touch surfaces throughout the day, such as interactive exhibit elements. We are limiting the total number of individuals to enter the gift shop at any given time, and we are following all new information provided by the CDC and State of Ohio Department of Health. If you plan to visit the museum, please continue to self-monitor and if you feel ill, please stay home, and visit us at another time. At this time, the museum will not host in-person events. However, we welcome all to participate in our upcoming virtual programs.

For questions, please call 216.623.1111 or email us at info@iwasm.org.

Stay safe. Stay healthy. Mask up. We are in this together! If you need a mask, we are selling some! With a big thanks to museum advisor, Teresa, we have three different patterns to choose from. Pictured is our Rosie

print.

Hot air balloons and planes also available. Quantities are limited.

https://eshop.iwasm.org/index.php?controller=search&orderby=position&orderway=desc&search_query=mask&submit_search=Search

Three Trailblazing Women to be Enshrined

In a recent announcement, the National Aviation Hall of Fame announced its 2022 Enshrinement Class. Of the five individuals, the International Women's Air & Space Museum is ecstatic to share that three are women including: Willa Brown, Margaret Hamilton, and Jerrie Mock.

Willa Brown

As a young woman, **Willa Brown** was inspired by Bessie Coleman's achievements. Willa became the first African American woman to earn a commercial pilot's license in the United States in 1937. She was also the only woman in the U.S. to concurrently hold a mechanic's license and a commercial pilot's license. She later, in 1946, became the first African American woman to run for Congress. In 1937, she co-founded the National Airmen's Association of America with Cornelius R. Coffey to promote African American participation in aviation. They also founded the Coffey School of Aeronautics in 1938 which trained over 200 pilots including some of the future Tuskegee Airmen. Willa's career was aviation, but her legacy was the education of young African Americans who dreamed of becoming aviators. Brown successfully petitioned the U.S. Government to integrate the Army Air Corps, and became the first African American woman to be commissioned as an officer in the Illinois Civil Air Patrol.

Margaret Hamilton

Considered one of the first computer software programmers, **Margaret Hamilton** is credited with coining the term software engineer to describe her work. While studying mathematics and philosophy at Earlham College in Richmond, IN, she met James Hamilton, and they subsequently married. After graduating in 1958, she and her husband moved to Boston where she accepted a position at MIT. It was there that she began programming software to predict the weather and did postgraduate work in meteorology. She also worked at MIT's Instrumentation Laboratory providing aeronautical technology for the National Aeronautics and Space Administration (NASA). For her work on the in-flight command and lunar modules of the Apollo missions, she focused on the software to detect system errors and to recover information in a computer crash. Both focuses proved crucial in the Apollo 11 mission in 1969 which landed Neil Armstrong and Buzz Aldrin on the moon.

Geraldine "Jerrie" Mock

Geraldine "Jerrie" Mock was born in central Ohio in 1925, and from an early age was fascinated with flight. Her passion for aviation carried her to Ohio State University in Columbus where she became one of the first female aeronautical engineering students. While she left school to care for her family, her love of flying was never far from her mind. Like many others during her life and since, Mock was inspired by the one and only Amelia Earhart. It was with that drive and determination that Mock set out from Port Columbus Airport on March 19, 1964, to achieve what Earhart never did. After 29 days, 21 stopovers and almost 22,860 miles, Jerrie Mock became the first woman to circumnavigate the world.

When asked by *Air and Space Magazine* 50 years later about her record-setting accomplishment Mock was quoted as saying, "There were women who told me that they flew because of me. I'm glad I did what I did, because I had a wonderful time."

EAA’s local Chapters 1095 is about people, bringing together individuals interested in learning more about aviation as well as sharing their own knowledge.

Chapter members are involved in a variety of social and educational activities, including Young Eagles rallies, fly-ins, building seminars, and more, to build awareness in the community.

EAA Name Tags if you would like to order name tags for your members or at least your officers please check out Chapter 1095’s website. These name tags are very professional looking and hold up well.

Last Shuttle bus leaves at 5:15pm

GFD This vintage airport has a warm inviting atmosphere that is easy going with the laid back feel of a small town charm. We think you will find that the friendly staff is pleasant and eager to be of assistance whenever possible.

The airport retains a relaxed hospitable ambiance that is well liked by the avid small aircraft enthusiasts. So fly in, join the camaraderie, rent a hanger and become part of the family!

Oswego County Airport, Fulton, NY

KFZY

Oswego County Airport is your gateway to year round fun! Fly into our convenient, friendly facility on your way to visit a 110 ft waterfall, world class fishing, numerous race tracks or one of our many historic sites. Or, just stop in for a bite to eat. Tailwinds diner, located on the field, is open 7 days a week 7-2 and our local EAA chapter hosts a fly-in pancake breakfast every 2nd Sunday of each month May-September. -

Pilot Pete's, Schaumburg, IL

06C

This is a great place to fly in and get a good meal. Pilot Pete's is atypical from most airport food joints. The place is clean with a good menu selection (think of a TGI Friday's or Chili's).

Order a Customized Apron for your Chapter's Next Pancake Breakfast!

FOR SALE FISHER CELEBRITY PROJECT \$5000.00 or best offer

I am offering for sale my Fisher Celebrity project. I purchased my kit 1991 for Fisher when it was owned by Gene Hansen in Edgely ND. Significant health issues have prevented me from finishing this project. All the major components are finished. This includes the fuselage, wings, and tail feathers. MATCO master brake cylinders are located in the rear cockpit. There is sufficient Superflight fabric to cover the aircraft.

There is no engine or engine mount.

Also, I have several Corvair blocks, heads, 3 three crankshafts that have been turned and nitrated, one set of Sealed Power cylinders and pistons (0.40 Over) and parts that I wish to sell.

The project is located at Moraine Airpark (I73), Moraine OH, just south of Dayton.

Contact Robert Luken, rpluken@earthlink.net or 937-602-7418 voice or text. I do not answer from number that I don't recognize, so please leave a voice mail message.

In case you are wondering about it. Here is a picture of one. Cute plane!

The WACO Air Museum located at [1865 S. Co. Rd. 25A, Troy, OH](#) will be closed on Wednesdays. Here are our new hours of operation:

Mon	09:00 AM - 3:00 PM	Tues	09:00 AM - 3:00 PM
Wed	Closed	Thur	09:00 AM - 3:00 PM
Fri	09:00 AM - 3:00 PM	Sat	12:00 PM - 5:00 PM
Sun	12:00 PM - 5:00 PM		

Thank you.

National Museum of the United States Air Force

Traveling WWII Memorial June 5-6, 2022

Kick off the 75th Anniversary of the U.S. Air Force with a weekend of activities featuring the

Traveling WWII Memorial consisting of the Wall of Stars, the Atlantic and Pacific Pavilions, 56 Pillars, and stands with oak and wheat wreaths. Granite slabs also highlight quotes from President Roosevelt and General MacArthur. The Wall of Stars reads "Here Marks the Price of Freedom." This traveling display is owned by Freedom's Never Free. Additional family-friendly activities include Reenactor Encampment, Fly-Overs and indoor events.

[FunPlacesToFly.com](https://www.funplacestofly.com) is a one-man labor of love. Launched back in 2004, in the hopes of promoting Aviation, providing information on wonderful places to fly, the latest aviation events, articles on shooting your own videos and a wide variety of related videos. **With your help and patronage, we will be able to do even more!** <https://www.funplacestofly.com/default.asp> check this site out. There is something in every state!

Dayton Air Show 2022

The Centerpoint Energy Dayton Air Show Presented by Kroger is designed as a wholesome family-friendly event. Held every summer at the Dayton International Airport, the show features world-class entertainment.

A weekend packed with heart-pounding air performances, including the U.S. Navy Blue Angels!

The U.S. Navy Blue Angels return to Dayton for the first time in 4 years in 2022. And they'll be flying their NEW Super Hornet jets!

This is your chance to get up close and personal with the aircraft and pilots! Get your tickets early to see the world-renowned U.S. Navy Blue Angels, along with an amazing lineup of performers and aircraft displays and so much more. In addition, there are activities and events that will capture the imagination of kids of all ages, including interactive, hands-on activities, experiments, and demonstrations for children ages 6-16.

- **Show Dates: July 30th and 31th, 2022**
- **Gates Open: 9am**
- **Feature Show: 12:00pm to 4:15pm**
- **Gates Open: 6pm**

The show schedule is the same for both days.

First Cleveland Demo with
the NEW Super Hornets!

This newsletter goes out to all EAA Chapters in Ohio, Indiana, West Virginia, Kentucky, and Michigan. It also goes to a lot of the FBO's in those states also.

So, if you are planning to host an event and would like to get it out there, this is a place to do so.

If you are a Chapter that would like an article published in the Ohio Region Chapter Newsletter, please feel free to submit an article to me. Also, if you are a manager of an airport / FBO we would like your articles also. Tell us about an event that is going to take place at your airport, an excellent restaurant that is on the airfield for those pilots that like those \$100 hamburgers.

A wonderful place to visit that is close to the airport where you have a courtesy car or that they are willing to pick up visitors and take them to the location.

If you are a local chapter and are willing to transport visitors of your airport to a local event that is great. Let us know and we can post it here. Afterall, EAA is known for its hospitality.

If someone from your Chapter has a plane, parts, or tools for sale we can include it here.

If you do not want to draft an article and would like for me to visit your website / Facebook page and gather my own 'intel' for an article, let me know.

Be sure to let me know if you have a different person that will be sending articles or to receive the newsletter to distribute to your Chapter members.

Please share this with your aviator friends.

If you would like to receive your own copy of the Newsletter, please let me know.

I will be starting a comment section so please send your comments as to what you would like to see from Chapters and FBO's.

Also, if you would like to be added directly to the mailing list, please send me an email.

Thanks to all who sent me an article! Also, even if you do not have an event to talk about or an upcoming event to let us know about, a human-interest article with pics is also welcome. We love to hear about your members. Also please start thinking about the March newsletter. I would like the articles for it by February 22 nd.

Send those articles or stories to me at Daford1957@gmail.com

*Thanks again –
Darlene Ford*
