## Space Shuttle Commander Hoot Gibson Headlines Wright Brothers Memorial Banquet

**October 14, 2021** – Robert “Hoot” Gibson, a five-time space shuttle flight veteran whose aviation background ranges from military jets to air racing, is this year’s featured guest at EAA’s annual Wright Brothers Memorial Banquet on Friday, December 17, at the EAA Aviation Museum.

[Tickets for the event](#) are currently available at the EAA Aviation Museum website. Attendance is limited to 350. Gibson’s space experiences are unique, as he flew aboard four of the five active shuttles (Columbia, Challenger, Endeavor, and Atlantis) and totaled more than 860 hours in space. Gibson’s final mission, when he commanded STS-71 in Atlantis in 1995, was a historic first-time docking of the shuttle with the Russian Mir space station. Gibson also served as chief of NASA’s astronaut office in 1992-94 and deputy director of flight crew operations in 1996 before retiring from NASA.

Along with Gibson’s space exploits, he has a long list of aviation accomplishments that include flying carrierbased combat missions for the U.S. Navy in Southeast Asia, graduation from “TOPGUN” Naval Fighter Weapons School, and more than 300 carrier landings. Gibson also has an extensive recreational aviation resume, ranging from racing at the Reno Air Races to building and flying his own aircraft. He was enshrined in the National Aviation Hall of Fame in 2013.

EAA’s annual Wright Brothers Memorial Banquet honors the Wright brothers’ successful flights at Kitty Hawk, North Carolina, on December 17, 1903, that began the era of manned flight. Tickets for the event are \$65 for EAA members and \$85 for nonmembers. Doors open on December 17 at 5 p.m., with the dinner starting at 6:30 p.m.

Vintage Aircraft Association's Chapter 22 - Antique and Classic

Located in Zanesville, Ohio, EAA Vintage Chapter 22's mission is to keep grassroots aviation alive through events, activities, meetings, and educational opportunities for people of all ages. Events include an annual FlyIn, Drive-In, Car Show held on the last Saturday of September. Activities include adventures to various aviation-related activities throughout Ohio. Meetings are held the second Saturday of every month. Finally, educational activities include club projects that allow people to get hands on experience with restoring an airplane from start to finish. We have also recently acquired a flight simulator to use for educational purposes as well.

We think our first Halloween Fly in went well. It was an impromptu one.

We decided to pass out candy to any kinds that came. We also had a couple local business participate. They were Thrivent whom Beth Newland came out and passed out some candy and talked to different people. Beth provides financial services in her hometown of Zanesville. She will help you plan for your lifelong dreams while supporting people and causes you care about. You can reach Beth at 740-624-1258 or via email at [bcnewland@yahoo.com](mailto:bcnewland@yahoo.com) Her website is <https://connect.thrivent.com/central-ohio-group>

Thanks Beth for coming and spending some time with us!

Also coming was Wild At Hart Wildlife. Wild At Hart is a wildlife rehabilitation organization with compassionate, licensed wildlife rehabilitators here to help if you've found an orphaned, injured or ill wild animal that needs assistance. **Please call us right away! (740) 217-7788**

Elisabeth Harman came out and spent time with us. She brought along a very special guest named Stevie.

Stevie was a huge hit with kids and adults. She is kept at their facility to use as a wildlife ambassador. Stevie was born with no eyes. Hence the reason she has not been returned to the wild.

This little cutie wanted to take her home. She was so adorable.

Some of the planes that flew in.

The people.

*International Women's Air & Space Museum*

The team at the International Women's Air & Space Museum has been working behind the scenes to revamp our programs and offerings, to ensure that we continue to inform, educate, and inspire. This process includes planning for all scenarios to eventually welcome people back for in-person events, and plan for our continued

collections preservation projects. Beginning the week of March 15, the museum will reopen to visitors. We believe it is our responsibility to do so in a measured and responsible way.

All visitors to the Burke Lakefront Airport are always required to wear masks that cover both their nose and mouth. If you do not have a mask, the museum has some for purchase both in the online, and at the in-store gift shop. Hand sanitizing stations are regularly supplied and available throughout the building. The museum staff regularly disinfects high touch surfaces throughout the day, such as interactive exhibit elements. We are limiting the total number of individuals to enter the gift shop at any given time, and we are following all new information provided by the CDC and State of Ohio Department of Health. If you plan to visit the museum, please continue to self-monitor and if you feel ill, please stay home, and visit us at another time. At this time, the museum will not host in-person events. However, we welcome all to participate in our upcoming virtual programs.

*For questions, please call 216.623.1111 or email us at [info@iwasm.org](mailto:info@iwasm.org).*

*Stay safe. Stay healthy. Mask up. We are in this together! If you are in need of a mask, we are selling some! With a big thanks to museum advisor, Teresa, we have three different patterns to choose from. Pictured is our*

*Rosie print.*

*Hot air balloons and planes also available. Quantities are limited.*

## FOR SALE FISHER CELEBRIY PROJECT      \$5000.00 or best offer

I am offering for sale my Fisher Celebrity project. I purchased my kit 1991 for Fisher when it was owned by Gene Hansen in Edgely ND. Signify health issues have prevented me from finishing this project. All of the major components are finished. This includes the fuselage, wings and tail feathers. MATCO master brake cylinders are located in the rear cockpit. There is sufficient Superflight fabric to cover the aircraft.

There is no engine or engine mount.

Also, I have several Corvair blocks, heads, 3 three crankshafts that have been turned and nitrated, one set of Sealed Power cylinders and pistons (0.40 Over) and parts that I wish to sell.

The project is located at Moraine Airpark (I73), Moraine OH, just south of Dayton.

Contact Robert Luken, [rpluken@earthlink.net](mailto:rpluken@earthlink.net) or 937-602-7418 voice or text. I generally don't answer from number that I don't recognize, so please a leave a voice mail message.

In case you are wondering about it. Here is a picture of one. Cute plane!

**This newsletter goes out to all EAA Chapters in Ohio, Indiana, West Virginia, Kentucky, and Michigan. It also goes to a lot of the FBO's in those states also.**

So, if you are planning to host an event and would like to get it out there, this is a place to do so.

If you are a Chapter that would like an article published in the Ohio Region Chapter Newsletter, please feel free to submit an article to me. Also, if you are a manager of an airport / FBO we would like your articles also. Tell us about an event that is going to take place at your airport, a great restaurant that is on the airfield for those pilots that like those \$100 hamburgers.

A great place to visit that is close to the airport where you have a courtesy car or that they are willing to pick up visitors and take them to the location.

If you are a local chapter and are willing to transport visitors of your airport to a local event that is great. Let us know and we can post it here. Afterall, EAA is known for its hospitality.

If someone from your Chapter has a plane, parts, or tools for sale we can include it here.

If you do not want to write an article and would like for me to visit your website / Facebook page and gather my own 'intel' for an article, let me know.

Be sure to let me know if you have a different person that will be sending articles or to receive the newsletter to distribute to your Chapter members.

Please share this with your aviator friends.

I will be starting a comment section so please send your comments as to what you would like to see from Chapters and FBO's.

Also, if you would like to be added directly to the mailing list, please send me an email.

*Thanks to all who sent me an article! Also, even if you do not have an event to talk about or an upcoming event to let us know about, a human-interest article with pics is also welcome. We love to hear about your members. Also please start thinking about the December newsletter. I would like the articles for it by November 27<sup>th</sup>.*

*Send those articles or stories to me at [Daford1957@gmail.com](mailto:Daford1957@gmail.com)*

*Thanks again - Darlene Ford*
