Can You Identify This Aircraft?

Send your Answer to scott@placestofly.com
The answer will be in Next Months Hangar Talk

Find the Air Speed Indicator

Hidden somewhere within the pages of this newsletter is an ASI similar to the one shown here (may be smaller). All you need to do is find the page on which it appears, specify the article or photo and send to webmaster@ea203.com to win. **If Multiple entries, only one winner will be selected from those submitted.**

Winning Entries will be published in the newsletter. **One Prize Only** will be awarded for correct ASI location.

BIG Winners: ASI found in dennis@dennismclain.com Barnstormers by Joe Hurtuk and Jim Cook. See above. Jim is Big Winner by having searched the newsletter three times and still sending in the correct answer first! Joe was a close Second!

Calendar of Events

Jan 9—Regular member meeting CAN-CELED.

We had hoped that the positivity rate would have dropped to 5% or lower. It came close, but not quite there yet.

—Bill Siegel—

Dues

How do you pay your membership dues when there are no meetings?

Well, the short answer is, you don't..

In fact, there will not be any dues required for the foreseeable future, but when they are resumed, we'll let you know.

Ground School

Did you know that Rick Golightly and his Young Eagle assistants run an exciting Ground School through Google's Meeting place?

It's easy and informative, even for the Old Timers. Call Rick at 561-747-9100 for more information.

Webinar- Experiment in the Cockpit: The Women Airforce Service Pilots of World War II

Historian Katherine Sharp Landdeck, author of *The Women With Silver Wings: The Inspiring True Story of the Women Airforce Service Pilots of World War II*,

shares the story of how women got started flying for the USAAF..

Young Eagles

Ever wondered what your neighborhood looks like from the sky? Or maybe you're

curious how airplanes even work. You might even dream about being a pilot.

If you're nodding your head "Yes" and are between the ages of 8 and 17, you're ready to take a free Young Eagles flight and see what real pilots do on the ground and in the air.

Since 1992, more than 2 million Young Eagles have enjoyed a flight from EAA's network of volunteer pilots.

For more information contact Rick Golightly, rick@eaa203.com.

Directions

The next EAA Chapter 203 meeting will be held at the hangar located at North County Airport (F45). The EAA Hangar is found by going to the junction of the Beeline Highway (SR710) and PGA Blvd (SR786). Then go 2.6 miles NW; turn left at the airport sign, and cross the train tracks. Follow the road to the hangar, which is on the left-hand side before you get to the FBO terminal, hangar 11250-5.

Homebuilders Week by Charlie Becker

Online Event Starts January 26

An online opportunity to learn about all aspects of building your own aircraft

By Charlie Becker, EAA Homebuilt Community Manager

— ■ —

EAA is launching a new online learning event for aircraft builders:

(www.EAA.org/HomebuildersWeek).

It will be five straight days of educational forums covering a broad spectrum of aircraft building topics. It will launch on Tuesday, January

26, 2021, and run until Saturday, January 30, 2021. The live online presentations will be open to everyone interested in building their own aircraft. Sessions will start at 1 p.m. CST and run until 8:30 p.m. CST daily.

This event is an opportunity for a new person to jump in with both feet and learn a lot about the wonderful world of homebuilding. We will cover areas like getting started successfully and techniques when building with sheet metal, composites, steel, and wood. But it won't be just for the newbie; we are offering in-depth talks on panel planning, engine selection, FAA certification,

flight testing, and selling a homebuilt aircraft. There will be something for every builder, whether you are just starting out, knee deep in a project, or just received your airworthiness certificate — it is going to be a great learning opportunity.

EAA is working with industry experts, kit manufacturers, and other subject matter experts to provide top-notch material for builders. The sessions will be live and allow plenty of time for attendee questions. Recordings will be archived and available to EAA members for review.

The launch of EAA Homebuilders Week coincides

with the 68th anniversary of the founding of the Experimental Aircraft Association in 1953. Those founding members of EAA lit the fuse on the homebuilt movement that provides affordable access to aircraft ownership and today has spread worldwide.

EAA Homebuilders Week is possible through the generous sponsorships of Aircraft Spruce & Specialty Co., Dynon, Scheme Designers, Inc., and Van's Aircraft, Inc.

Visit EAA.org/HomebuildersWeek to review the schedule and sign up for a session.
