FAA UPDATES AC FOR PROCEDURES AT NON-TOWERED AIRPORTS

Fly-out to AirVenture

Hopefully going to the largest aviation fly-in in the world has not ruined us on other air shows. The event was spectacular. And now having been there before we have a few good ideas of things to make it easier next time. And some things that we will not do next year.

Not to brag but the pancake breakfast at Oshkosh doesn't come close to our monthly pancake feed :) Thanks to everyone who was able to come along on this awesome trip. It was pretty cool to run into people from our area on the grounds.
