

The CHAPTER 221 FLYER

Proudly Serving the Experimental Aircraft Association Chapter 221 in Kalamazoo, Michigan
www.EAA221.org

February 2014

President's Message

We had 35 folks at our annual Holiday Winterfest get-together. The food and service at the Vicksburg Main Street Pub were great (and the weather wasn't bad either. Jan 11 was between our "polar vortexes".)

Our guest speaker was Gail Rouscher, an aircraft and powerplant mechanic (A&P) and instructor in the WMU School of Aviation. Gail spoke to us about her experiences as a woman in the field of aviation maintenance. Starting with her life as an aircraft mechanic in the US Navy through today as an instructor at Western, Gail is living her dream and doing a great job of it. It was a fun evening.

February's meeting will feature a video from EAA HQ recapping 2013 and giving us a view of EAA's plan for 2014. Hopefully, we will also have time to share what we would like to see the Chapter do this year. Hope to see you at the AirZoo East Campus at 7:00 PM, Wednesday, Feb 5.

Dave Hull

President, EAA Chapter 221

*Unless otherwise specified, our chapter meetings are the first Wednesday of the month at 7:00 p.m. at the **Airzoo Flight Center Classroom** on the west side of the Kalamazoo-Battle Creek International Airport.*

Anyone Need Help with their Project?

Are there any build projects that need an extra set of willing hands there in the Kalamazoo area? My Dad has a Piper Cherokee 180 that I've helped on. Would love to give some free help to any homebuilders in the AZO area.

FOR SALE VW Engine, Ron Kinney (owner of Woodward's Garage in Kalamazoo) has for sale a VW engine all set to go into an experimental homebuilt. The engine is completely rebuilt and set up on a test stand for its test runs. It is equipped with a caged prop and was originally intended for use on an airboat or iceboat. Anyone interested could watch it run. Ron can be reached during the day at 269 345 7690 or in the evenings after 7:00 at 269 279 7366
