EAA Meeting Notice & Agenda

We're excited (and thankful to [AvFlight Traverse City](#) and [Giving Wings](#)) for our new digs and furniture! Join us this **Thursday night, Jan 9th at 6:30** for pizza and soft drinks while checking out our new (to us) home followed by our regular meeting and IMC/Club session starting at 7:00PM. Here's the proposed Agenda:

- 6:30 Member Meet & Greet (Pizza & Soft Drinks will be available - Donations are encouraged)
- 7:00 Welcome President Bill Ross
- 7:10 Steve Plamondon - Cherry Fest Air Show
- 7:40 Chapter 234 Vision / Plans - Christian Smith
- 8:00 Vote on Bylaws
- Break
- 8:10 IMC Club Session
- 9:00 Adjourn for Hangar talk and assorted other tale telling

A Word About The By-Laws

Our current by Laws have not been updated for a very, very long time and do not conform to what the EAA recommends as a standard for all chapters. The current steering committee members used the standard EAA template for chapter by-laws and made minor modifications (e.g. to account for our relatively small size and some formatting changes). We would like to present these by-

laws to the members for adoption at the next meeting. As we're rebuilding the membership database, we'll consider all those present as members in good standing. Please review this proposal and forward any comments you may have regarding them to us by responding to this email. We're not planning on a long discussion at the meeting on by-laws. If there are serious concerns about the content or the process we'll have a special session to discuss them at a later date.

You Can Pay Your Dues Online!

We've got great things planned for the upcoming year but we need your support both in number of official members and the financial stability that our dues structure can provide.

If you haven't already paid your 2020 dues, you can pay them online by clicking the blue button below or catching us at the next meeting (**Thursday Jan 9th**). If you choose the online payment, just follow the link below and "**Add 2020 Dues to Your Cart**" then "**Proceed To Checkout**". Just that simple!
