#### **Chapter Officer Nominations and Elections**

As we do every year, EAA Chapter Officer Nominations occur in October. In November, the nominations are opened again, and Chapter Elections occur.

If you would like to run for a Chapter Officer position, you must be a current and paid member of the chapter. This is a great opportunity to help support the local EAA Chapter 384, and help introduce others to aircraft building and restoration. Currently, many Chapter 384 members are building or restoring their own aircraft projects.

# AROUND THE AIRPORT 45G

Breakfast is served at the BAA House, on Hyne Road, every Saturday morning at 9:00am.

- Pilot Proficiency Night

Each Monday evening a new topic is discussed at the BAA House in a relaxed format. This is a great way to keep up-to-date on multiple aviation subjects. After the meeting, much of the crowd travels over to T-Bones Pub for dinner and more comradery.

### **Hangar Door Installation Update**

Your Secretary has not been on-site for about a week but I believe the following tasks have been completed.

- The old concrete has been broken up.
- The Keller power lines have been buried.

The following list of tasks need to be completed:

- Install J-Channel above the weather membrane
- Seal the membrane seal at the top of the door with silicone
- Install the side door trim on the Diamond Door
- Paint the old door wooden rails with a second coat of paint
- Form up the new concrete apron and schedule a concrete delivery.
- Install the needed vent lines for the furnace. We can discuss a game plan at the meeting this Wednesday evening.

# Sorry for the abbreviated newsletter - your secretary has become a winner in the Covid 19 lottery. Currently, I am feeling better (less chest congestion) but sleep is required more often. By the meeting date, my days of quarantine will be over.
