AROUND THE AIRPORT 45G

- Saturday morning breakfast

Breakfast is served at the BAA House, on Hyne Road, every Saturday morning at 9:00am.

- Pilot Proficiency Night

Ray Krom conducts a pilot proficiency discussion on most Monday evenings at 6:00pm. The subject varies every week, but it's always informative. This is great for aspiring pilots and as a refresher for more seasoned individuals.

FABRIC WORKSHOP CONTINUED

We will be rib lacing again this month. In addition to the normal round rib lacing cord, we will try our hand at the flat rib lacing cord.

This month, we will call for new volunteers to rib lace the rest of our wing training piece. No worries if you haven't done it before because this test piece will never fly. If time allows, we will lay the finish tapes over the recently rib-laces lines.

At our last outing, David Keller and Rodney Beckwith III tried their hands at rib lacing.

This is a "hands-on" workshop so come on out and have some fun with the covering process. If we

haven't completed the test piece at this Wednesday's meeting, we will finish it up in May.
