Our Next Meeting:

The next Chapter 43 meeting will take place on February 11.

Minutes From Our Last Meeting:

Last months meeting was held on January 15th at the Ramada Inn Sheridan during our annual banquet. After a delicious meal and socializing with our members and guests, we had a brief business meeting.

John Evens extended his appreciation for the vote of confidence for selecting him as President. He also introduced the new chapter officers and praised the efforts of out-going officers for their leadership and time.

Horesmans Seasons Greetings: "Tales From the Lighter Side of Aviation"

"Only fools and birds fly, and birds don't fly at night!"

"Applicable to homebuilders," "The reason that it doesn't fly lower is that it doesn't have flush rivets."

From the N.Y. State Chapter of the Antique Airplane Association:

"If you take something apart and put it back together enough times, you'll eventually have two of them."

"If all you have is a hammer, everything looks like a nail." and "When the need arises, any tool or object closest to you becomes a hammer."

"The nut wont go on till you utter the magic word." and "When you are about to use the magic word, children will be present."

"There are some things that are impossible to do, but it is impossible to know which they are."

The Presidents Corner:

Our Annual banquet last month was a great success! Thanks again to Teresa Wallace and Aaron Schomberg for making it so. Yours truly is now painfully aware of my need for notes when thanking people, lest someone be forgotten. They say your memory is the second thing to go.

And speaking of Teresa, she and Fred are the proud new parents of a beautiful baby girl, Marcia Angeline. Nice going! I hope you guys are starting to save for college (the voice of experience)!

While I'm at it, I would greatly appreciate any suggestions on how to do this job better. Phil Hughes made it look easy, and I feel like a baby bird that just got kicked out of the nest.

It's been great to see Charlie and Mark Graf up at the airport now with their RV-6 project - temporarily staying with Mas Yoshita's RV-6, in his hangar. As Dean Cochran says - "these things are a growing menace!"

See you at the next meeting.

John

Editors Notes:

My apologies for the late newsletter!

The members are invited to offer comments or suggestions concerning the contents of the newsletter. Any ideas for improvement are welcome. (yea OK, so I already know it should be on time!)
