

The Flyer

Volume 55, Issue 8

August 2023

Above, we have the Zenith 701 of Moritz Wagner. Moritz ordered the kit in 2003, started building and, as often happens, life got in the way. Moritz has completed the plane and received his Airworthiness Certificate for it mid-July 2023. He already has 16 hours on it, part of Phase 1 Testing. Moritz is planning a presentation for one of our future gatherings, and hopefully a more in depth article to follow. Congratulations, Moritz!

A Private Pilot At Last

It finally happened! On August 1st, 2023, I passed my Private Pilot Checkride. After a year-long process, studying for the written test, graduating high-school, completing my EMT course, becoming an EMT, and a couple vacations, the weather finally cooperated and the stars aligned. My DPE was Ms. Martha Anne Pickard and I took my test at Rochester Air Center. The test was bumpy, but I'm glad I finally passed this milestone! I had a lot of help along the way, and I am thankful to everyone who imparted advice, wisdom, and knowledge. Thanks all! **Sharon R.**

Air Shows 2023

August 12-13 - Rochester International Air show at Rochester Int'l Airport (KROC)
USAF Thunderbirds are supposed to be there!

Sept 2 -3 - "Wings over Batavia" Genesee County Airport in Batavia (KGVQ), with day and night events!

Check out: wingsoverbatavia.com

Mission: EAA Chapter 44 is a tax-exempt 501(c)(3) organization of aircraft builders and aviation enthusiasts in the Western New York region dedicated to promoting aviation and encouraging participation in aviation-related activities. These include designing, building and restoring aircraft, education, advocacy, and youth outreach programs. We promote flying with high standards of safety in an environment that supports freedom, family, and personal fulfillment.

Workshops

EAA Chapter 44

Join us for hands-on, aviation-related activities that provide creative, social, and educational growth to kids interested in a potential recreational or career path in the world of flight!
