NOV 2022 NEWSLETTER

**ANNUAL
BUSINESS MEETING
MONDAY, NOV. 21
DINNER AT 6:00
PROGRAM AT 7:00PM**

PRESIDENT'S AIRSPACE

What a difference a month makes! Last month, I was writing this on a beautiful October day with high ceilings and warm breezes. Today, I'm sitting on a dark November day looking out the window at a heavy wet snow falling. There's five inches of the stuff sitting on my deck railing. It is definitely winter maintenance season and we're all looking forward to next summer. If last summer was any indication, this coming flying season should be an awful lot of fun!

Just because the weather has gotten terrible does not mean that we close up and go away until next flying season. Our chapter Christmas party is only two weeks away – see details below. Our winter series of IMC/VMC Club Programs has begun on scheduled Saturday mornings. We will hold our annual business meeting next **Monday, November 21st** starting with dinner at **6:00 p.m.**

In January, our program meeting will be an aviation safety trivia competition as part of our Wings program. Speaking of next summer's flying, we need your idea for a program you'd like to see us present, please let any member of the leadership team know about it.

I would like to add a section to the newsletter to share memorable moments in your flying career. Please send photos of interesting events you have attended or places you have been with your airplane along with a sentence or two about the picture.

We are also looking for someone to manage our merchandise program.

If you are at all interested in retail, please contact me.

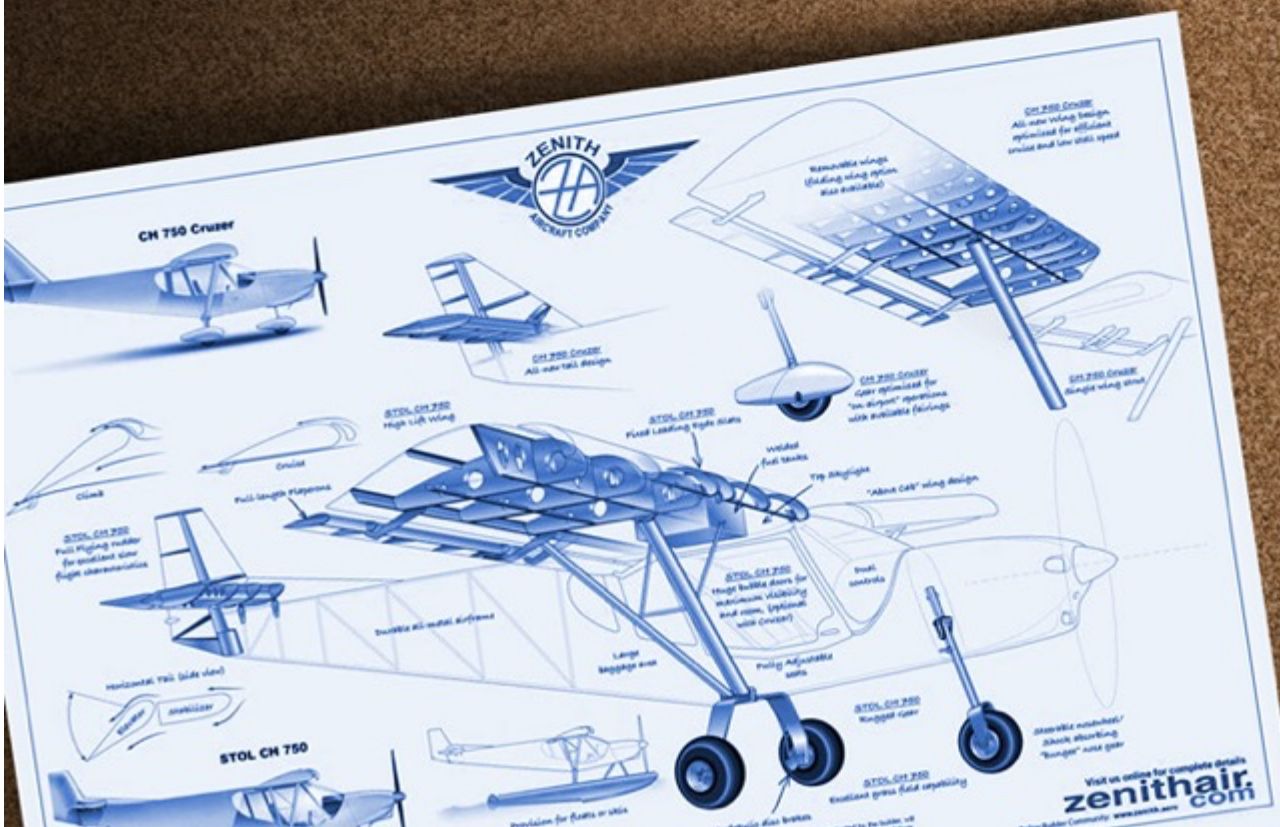

NEW AIRCRAFT

As mentioned last month, **Ric Blamer** has purchased a **Piper Archer II** and has formed the **Geauga Aviators Flying Club**. Members are busily flying the airplane as much as the weather permits.

NEW PROJECTS

Rumor has it that **Mike Weichert** is the proud owner of a **Zenith 750** project that he will be building in his basement

Super Club
