

EAA

JUNE 2021 NEWSLETTER

**FIRST FLY-IN OF SUMMER
THIS SATURDAY, JUNE 26TH
7:00AM TO NOON**

**NOTE: NO PROGRAM
MEETING THIS MONDAY**

PRESIDENT'S AIRSPACE

It has been a very busy month so far and I am way behind getting this newsletter out. We just finished our Summer Youth Aviation Camp. Eighteen campers spent the week with us learning about many facets of aviation. After camp was over we held a private YE rally for them.

Our summer solstice flyout is scheduled for Monday however, the weather is not cooperating. As I write this, the best date looks like Wednesday, June 23. Look for email updates as we get closer to Monday.

Our June fly-in will be held this coming Saturday, June 26.

We have 50 yard signs to put out – please stop by the airport to pick up one or two to post in your neighborhood. See details below.

Our Monthly IMC/VMC club meetings are on summer break till August.

I'm happy to report that the hotdog stand in Meadville is open for the season.

New hangars will be going up. Watch for construction at the west end of the field among the pads we used to use for event parking.

The earthwork at the east end of the runway is complete.

We'll have a night approach after the FAA test flies the procedure.

Again this year, we will have a chapter campground at Oshkosh.

Don't get left out! If you are even thinking about going, let Curtis know!

<mailto:curtiscook63@roadrunner.com>

Our fall clambake is scheduled for October 1st – save the date.

More info to follow.

We have a busy schedule of activities for the year – make sure to check out the complete list at the end of this newsletter as well as the calendar tab on our website at:

<https://chapters.eaa.org/ea5/chapter-calendar>

A photograph of a red biplane with the registration 'N2802' on its side, parked inside a large hangar. The hangar has a high ceiling with a metal truss structure and several lights. The hangar doors are open, and the plane is centered in the frame, facing the viewer. The floor is concrete with some tire marks.

WELCOME NEW MEMBERS

Bill Burch - Bill is a partner in the RV-10 that Shane Barker and Mark Atwood are building at POV.

Rod Nagy - Rod owns a light-sport CTLS.

He and Cornelius recently ferried the plane back from St. Louis.

Roy Smith - Roy is a friend of aviation who is renewing his interest, after a long hiatus.

Stan Z - Stan is a student working on his private certificate with a glider rating.

FIRST FLY-IN OF SUMMER

This is our premier event of the summer! Be sure to come out and enjoy the fun with the rest of your chapter members. We will set up the tent on Friday June 25 around 5:30. The chapter will throw a pizza party Friday evening after the tent is up. If you are an early bird, come out Saturday morning, June 26 and help Don and Curtis - they start mixing batter early - around 5:30 or 6:00am. If you are not a morning person, we need plenty of help later in the day with fly-in traffic mid-morning and clean-up around noon. Come any time - there is plenty to do and fun to have. As always, if you can fly Young Eagles, We need your help! Our expanded youth activities have become quite popular. We especially need help with this program. See Sherry Niederkorn to assist 440-477-1198 or <mailto:sherry.niederkorn23@gmail.com>.

To help with the breakfast or Fly-in functions, reply to this email.

SUMMER YOUTH AVIATION CAMP 2021

Thanks to all of our EAA Chapter 5 volunteers, we have successfully completed our second Summer Youth Aviation Camp for middle school campers interested in Aviation.

The 18 participants were thrilled about all the opportunities introduced to them (including the building projects, drones, engines, flight simulators, looking at the helicopter, watching the RC and learning how to fly). We received a great deal of positive feedback from campers and parents alike (see letter attached).

EAA 5 BUILDER PROGRAMS

On August 14, we will host a Builders Open-house in our shop. National EAA members in a 75 mile radius will be invited to this event.

We will showcase our facility and encourage those thinking about building to take the plunge.

Also be sure to check the calendar for project visit programs.

HOT AIR BALLOON DEMONSTRATION AT OUR AUGUST MEETING

Our August program looks at the lighter-than-air category of aviation and will be presented by our own Jeff & Sandy Barlett. This meeting will feature a gathering of last year's Flying Start attendees.

HOT AIR BALLOON RIDE RAFFLE TICKETS ON SALE NOW!

If you would like to win a ride in the Barlett's Hot Air Balloon "Tumbleweed," tickets are available at the airport – look for Ric during the day and Tim in the evening.

We also need your help selling the tickets to others!

Contact Sherry Niederkorn at:

<mailto:sherry.niederkorn23@gmail.com>

At the airport, Ric or Tim can hook you up with a few to sell.

The drawing for the Hot Air Balloon Ride will be held at our

Last Fly-in of Summer – Saturday, September 18th –

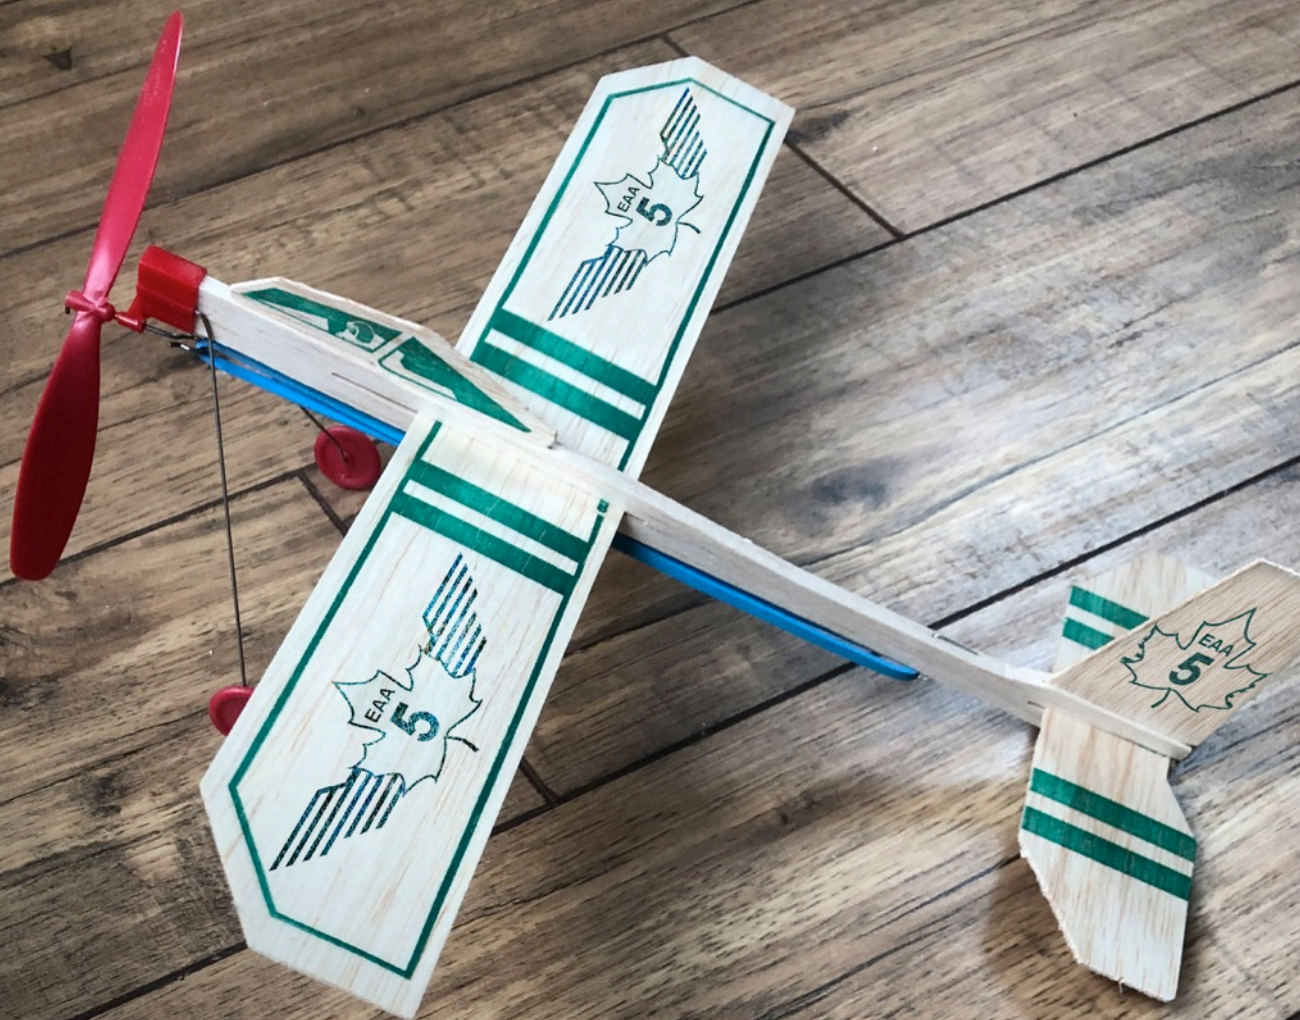

right after the pancakes are eaten!

FLYING SOMEWHERE — HOPING FOR A COURTESY CAR?

Checkout this website:

YPT FOR ALL

Remember, if you are helping with any chapter function where you are working with the under 18 crowd, you must be both an EAA 5 and EAA National member and you must complete the EAA Youth Protection Training.

If you have already taken this training and are not sure if your training is current, you can check your record at this website:

<https://www.eaa.org/apps/chapters/chapterpersonlookup.aspx?>

If you need to take the training, follow this link:

<https://www.eaa.org/eea/youth/youth-protection-policy-and-program>

UNITED STATES ARMY
AIR FORCES

COMING IN JULY

Just in case the newsletter is not out in time, we are telling you now!
