

The Frederick Flyer

President's Message
For the Chapter newsletter:

Hello everyone. May brought us another month of social distancing and the unfortunate news that AirVenture is cancelled for this year. Happily, I have spoken to several chapter members and everyone seems to be healthy and making it through. I hope this newsletter finds you healthy and happy as well.

There is hope that we may resume some 'normal' activities soon. The Governor of Maryland has eased some restrictions, but local Counties are also making decisions about the level of activities allowed. In that light, we are starting some of the RV-10 workshops up again in a limited fashion (see details later in the newsletter). Chapter Gatherings that draw a larger crowd will still be on-line for now.

Challenging times tend to bring out the best and worst in people. I am not going to focus on the worst, but choose to focus on the best. The doctors and nurses that treat the patients that I only hear about as numbers on the news. The student pilot in Virginia that is flying personal protection equipment to rural medical centers. The large aviation companies that are shifting gears to produce ventilators.

I look forward to the future when we can gather again and tell tall tales. When the area opens up again, the Chapter will be there for you, and hopefully you will be there for the Chapter. The Board is looking to host the EAA Ford Tri-Motor in the fall and we will need a lot of volunteers to make it happen. Everyone that participated the last two times we hosted (2013 and 2016) had a great time, and I am sure we will once again. If you have not done so, please send your membership dues to Ernie; they help keep the lights on at the chapter hangar and allow us to pull off big programs like the Tri-Motor.

In the mean time, stay safe everyone.

Take care,
Chris

May Board Meeting

15 May 2020

Chris Gunther, Mark Gosselin, Mark Pankratz, Larry Jarkey, Ernest O'Roark, Mary Ann Alvarado

Meeting called to order at 7:05 p.m.

- Virtual meeting is one for June. Steve Gross did a great job, his presentation is available as a pdf (see page 3 of newsletter). He includes lots of tips, resources and suggestions for those of you with a desire to travel abroad. At last count, twenty-two members attended May's on-line meeting.
- Chris - sending in a request to bring the Ford Tri-Motor to FDK this Fall. AOPA has offered to help host. If the request is accepted, volunteers will be needed for the 2-3 day event.
- Mark G -Eagle Flight requests will be postponed (Covid-19) until Fall.
- Chris - RV10 Build Sessions will begin again for Thursday nights and Saturday mornings. Due to the limitations of group gatherings (limit of 10 people) It was decided that the hangar could support 8 people, with additional safety measures. See page five of this newsletter for more information. A sign-up APP will be used to schedule the build sessions.
- Ernie - Cub's engine continues to be a mystery; it's still in Alabama. The crankcase bill came due.
- Mary Ann - Attended a webinar on the new website. Members who have a Builder's Log on the National Website are now featured on our local website also. Keep up the good work.
- AirVenture 2020 - officially canceled; late July may be a good time for the postponed EAA 524 Chapter Banquet.
- We will hold another virtual meeting, using Zoom, for the June Chapter meeting. Instructions to come via email. Mark P. has signed up another great presentation: RAMP CHECK by Michael Schwartz, Aviation Safety Inspector, Operations Aviation Safety, Safety Analysis and Promotion Division, FAA, Flight Standards.

Meeting adjourned at 7:45 p.m.

Submitted,

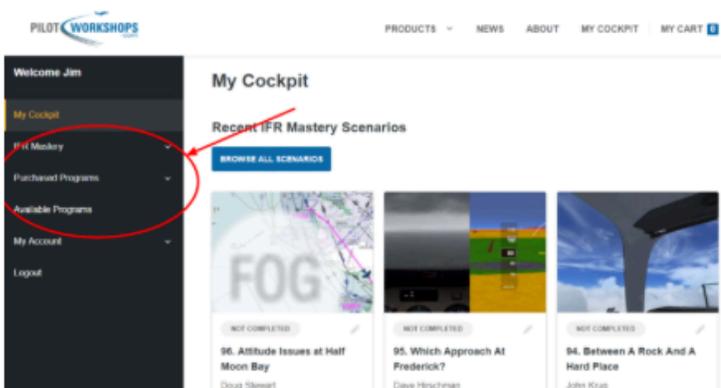

Mary Ann Alvarado
