

# The Frederick Flyer

## President's Message

Greetings EAA Chapter 524 Members and Friends,

Our Board members have voted on applying for a Ford Tri-Motor visit next fall. We have sent in the application and are waiting to hear back. The demand is great for this airplane and the tour space is limited so we shall see if our Chapter location works for the

2019 schedule. In the past, the event was a great experience for all who volunteered. The people and pilots we met were very interesting and fun to be around. They also had great stories to tell about their experiences as pilots. So here's hoping it all works out. We will keep you posted on the progress of this visit.

The sheet metal workshop was another successful event this month. We had a full house. It is very encouraging to see so much interest in building! A huge thank you goes out to Rex and those who helped support the weekend. We could not host these workshops without all their hard work!

Wishing you clear skies,

**Mark Gosselin**  
**President**

## October Program

Howard Wilson has offered to let us walk over to his hangar to see his 1936 Rose Parakeet. He and Barry Taylor rebuilt this very rare aircraft. His hangar is very close to ours, so it's an easy walk over. Nothing like seeing the real thing up close!

## Girls in Aviation Day

Girls in Aviation Day planning is underway and we are looking for volunteers to help at our event on Saturday October 13<sup>th</sup>! We will be

holding two sessions this year from 9am-12pm and 2pm-5pm. Lunch will be served between sessions to volunteers that stay for both.

We are looking for many volunteers for both shifts and would appreciate any time that you are able to contribute. A link to the signup can be found by going to this link: [https://docs.google.com/spreadsheets/d/17lpdBZlSOH6N KoRzbKzGQ5E IG7vMMOZ0TP0\\_ermVDo/edit#gid=372871527](https://docs.google.com/spreadsheets/d/17lpdBZlSOH6N KoRzbKzGQ5E IG7vMMOZ0TP0_ermVDo/edit#gid=372871527)

Or if you would like to respond with what you would like

to help with, I can add your name to the spreadsheet.

We need help with running simulators, sign-in/prize table, airplane walk-around, paper airplane folding, weather station, photo square, flight line security/safety, and the snack station.

If you are not able to help the day of the event, but want to contribute, we are looking for prizes to raffle off to the girls! Any and all help is appreciated!

Thank you!

Elizabeth Hoover

President, WAI-AOPA Chapter

## Parking at the Chapter House

When I arrived at the Frederick Airport Saturday morning September 8<sup>th</sup>, I pulled up to the Chapter hangar and went to park next to the Flight School maintenance storage sheds. I was surprised to see no parking signs attached to the sheds. I backed out and parked elsewhere. I thought as I was moving, what's up with that? We have parked there for as long as I could remember. Then I was remembering all those years I worked in private schools, the staff members that did all the work always got to park the furthest away from the shops. Also every time we were trying to get something out of our storage, there was a car in the way we had to work around.

I parked there for convenience, not thinking about how it affected others. If I parked in the lot by the Airways Inn it was a short walk to the hangar and most of the time I got to talk with other members for a few minutes.

With all that said I urge you to join me and park in the parking lot and respect the request not to park in front of the storage sheds. If there are some of us that have a mobility issue we could accommodate one or two cars by the port-o-let.

Thank you for your help in this matter,

Mark Gosselin and your Board Members

## Classifieds

Terminal-student pilot interested in buying an inexpensive flying, and in-annual, 2-place Experimental or GA fixed-wing aircraft for VFR. Prefer something like a Grumman AA1, Cherokee 140/160, C-150/152, Sonex, Midget Mustang, Zodiac, or similar, for \$10-20k. It does NOT have to be pretty - fancy paint and custom interiors have little value to me. Will also consider buying a share of an existing plane, or maybe even investing cash and sweat-equity in building something if you have a hanger not too far from Bethesda, MD. What can you lose by sending me an email with what you (or your friend) to sell? << FirstLaunch@rocketmail.com >>

Thanks,  
Mike Phillips

## September Meeting Minutes

06 Sep 2018

Meeting brought to order at 7:05 p.m. by Mark Gosselin

Steve Gross has entered the final checklist stage of completion of his RV-9A. It goes to paint October 8.

Neil Wright installed ADS-B in his Amphibian, but needs some help coming up with a creative solution for antenna placement.

Jerry reported that a number of the Cub's parts have been spray painted and that the rib stitching is finished and they'll move on to taping the stitches next.

Rex Bullinger requested help with the RV Assembly workshop. Setup begins tomorrow at noon and he will need help during the weekend's sold out class, as well.

Mark Gosselin mentioned that the Scouts who were at our hangar a few weeks back took the time to write handwritten notes of thanks to the Chapter.

Mark Pankratz mentioned that, sadly, Mike Peters and Doug Pellegrino had both passed away recently.

Chris Gunther shared that on October 13, a Girls in Aviation day will be held. Women in Aviation is asking for some help with the event; more information to come. He also shared that Dean Vogel at Lockwood could come to Frederick to do a Rotax series 9 class if there's enough interest from the Chapter. The class would require a minimum of six students and would take two days.

Vince and Pat Mazzola presented their program entitled "Then and Now".

Meeting concluded at 8:53 p.m.

## September Board Meeting Minutes

13 Sep 2018

Meeting brought to order at 7:09 by Mark Gosselin. Present were Mark Gosselin, Mark Pankratz, Ernie O'Roark, Rex Bullinger and Jack Fromm.

Rex said workshop was another great success. Good feedback from students. Rex will contact Mark Forss to see what he's got planned next.

Mark P. shared that for the October program we will visit Howard Wilson's hangar to see his Rose Parakeet. Charlie Becker will come into town to present at the November meeting. Topic still TBD, might be "Getting started in homebuilding".

2019 Banquet. Unanimous agreement to hold it at the NACC again and use the same caterer. Possible dates: March 2nd or March 9th.

Scholarship fund. Fund is getting to the point that it's enough to offer. In anticipation of that, Mark G. is going to consult with the scholarship committee to start looking into what to offer: EAA camps, Bravo flight training, etc.

Mark G. said he would like to apply for another Ford Tri-Motor next September. All in favor.

Submitted,

Jack Fromm for Erick Webb, Secretary
