## President's Hangar

Patrick Morris EAA 839538

What's been going on:

With a review of the rules and a consultation with EAA national, the board has decided to have a meeting on June 30th. This will be a social distant meeting outdoors and we will not be supplying food. Please bring your own chair and remain socially distant from others while at the meeting. I will not be able to attend and Darryl White will be facilitating the meeting. I do miss all of my flying friends here and it has been way too long since we have gotten together. I have not heard of much news from the membership but I sure would like to hear from you. I did get a call from someone who would like to attend a meeting. He just purchased a Challenger on floats and had started lessons in Burlington, MA but that has been slow going. Maybe you will see him at the meeting. I have been able to get out a few times for some short flights of an hour or so just to get some air

time. The lack of traffic is eerie. I did my annual but I don't really have any down time projects I could work on. It looks like this year would have worked out for me to finally hit Airventure but that will have to wait another year. Just like a lot of you I suppose, I have gotten in a fair share of Youtube flying and a little bit of social distant hangar flying.

---

## UPCOMING:

---

I don't really have anything to report about upcoming events. Social Flight, Upstate list and the EAA Calendar are event ghost towns. There are some restaurants open at airports around so maybe we can put together a fly out somewhere. I think soon it may be acceptable to fly with others especially while wearing a mask. I know some of the flight schools will be starting back up that way. Maybe we can have an outdoor aviation movie at the airport soon with camping. Bring some ideas that will work in the current environment to the meeting. If you hear of anything at all please share in the on line group so that we can all partake. I will be working on the web site over the next week to help fill our newer site with some more content. It is our site so please let me know if there is anything you would like to see there. I hope you are all doing well and look forward to seeing you all soon.

---

Flying, like life, is full of precluded possibilities. Can't do...  
won't do... shouldn't do... Unknown

---

## Vice-President ~ Darryl White

Hello again everyone! Well despite all the other distractions and impacts from Covid 19 I was finally successful getting the Hawk out of hibernation and after a lengthy post winter pre-flight I got in a short flight with several full stop landings at the pines. It was long overdue and until I was up in the air again I didn't know how much I had missed it. I flew the pattern, landed and did some checks and then took off and circled higher over the pines enjoying the view, the rhythm of the engine and the activity that was starting to happen on the shores of Great Sacandaga. As you all know my Hawk is a very simple and basic flying machine, however it provides me the flight experience that I have craved all my life. After I did my final landing I was satisfied and had a grin on as I did my post flight checks and wheeled the Hawk back into the hangar.

It reminds me of that quote attributed to Leonardo Davinci:

“For once you have tasted flight you will walk the earth with your eyes turned Skywards, for there you have been and there you will long to return.”

I'm looking skyward and It's great to be back in the pilot seat again! See you all soon!

Darryl

# Flying Start 2019

## Chapter Officers

Patrick Morris—President  
Darryl White—Vice President  
Marty Foley—Treasurer  
Ed Zwolinski, Secretary

## Board Members

John Pashley      Doug Sterling
