Motion by: Jerry

Second by: George

New Members or Guest [Collin—he's taking lessons at WFS and came to see what we are about.—Elijah- Lidia's friend](#)

**2. Old Business**

- a. Reminder of the Free Student EAA Chapter memberships and six-month complimentary EAA Membership. Student membership max at 18 years of age

**3. New Business:**

- a. Potential Speaker Dan Gryder: possible date in September, Trying to get Scott Pruett too.
- b. Safety : Carb Ice—John Chmiel gave a presentation about carb ice including very informative videos. The big takeaway was that carb ice won't just take your engine out, you'll lose power gradually. It can be fixed with carb heat. Once heat is engaged, power will drop more, but it will come back within a minute or so—so don't panic!
- c. Airport Appreciation Activity: John talked about how we got the old grass runway back and useable. He needs 20 to 30 people to walk the runway and mark potholes and rocks. We will donate the manpower and maybe a potluck or cookout. Possibly do this in conjunction with our next meeting.
- d. EAA Ray Scholarship Presentation:

Recipient: Gus Steffen

## Upcoming Events

- **Hamburger Social:**

- Wausau Flying Service plans to host the first hamburger social on the Wednesday June 2<sup>nd</sup>.
- 640 to supply volunteer help for set up and take-down as well as marshaling of aircraft and general assistance.
- The last hamburger social held at Wausau will be the responsibility of EAA chapter 640 (all food and beverage, labor set up and take down) **Dennis still need to get the date from John. Last wednesday in August tentatively now**

- Young Eagles Event possibly in June.

- Ercoupe Fly-in **it's a go!**

- Air Venture Race May start and end in Wausau

- We have a scheduled meeting **April 14<sup>th</sup>**

- Fall Soup fly in Oct 16<sup>th</sup> shared with LBF and an open house

## **Projects:**

- LBF—tail surfaces all sandblasted and epoxied by Dave and Terry. Tuesday build nights have had huge attendance. Bob has a kite building program the kids are loving it.
- Dave H—airplane is here, wings on, wiring done except seat heaters! Have to rig ailerons yet. First start is getting closer, 2 weeksish!
- Arden-Redoing a pietenpul...been a 30 year project in the making, but making progress now

- 

## **4. Next meeting May 8th at noon. Runway walk for John**

## **5. Motion to Adjourn**
