Gathering After That - **Monday, July 10, 2023 (to avoid July 4th weekend).**

AeroEducate: We think that with the pancake breakfast (setup 6/23 6:00 PM, event 6/24 8:00 AM to 11 PM, young eagles 6/25 12:00 PM to 3:00 PM) and a likely field trip to look at and possibly work on the new L-3 project in Westfield, that a specific meeting would be too much. These are all excellent youth volunteer opportunities!

Thanks,

--

Nick Boland

EAA Chapter 67 President

Recent Activities

Brittany Moon organized this enrichment event at the Metro Airport (KUMP) with lots of 3rd graders! Thank you Brittany!

John Waymire (center) with the AeroEducate youth group presenting his 1944 O-58B Grasshopper (L-3) N50725 to Chapter 67.

Nick Boland (right) is sharing with John (left) how this project will be used to educate and give everyone an opportunity to do some hands on work with the aircraft.

Today's AeroEducate activity is marshaling aircraft. Jeff Stultz gives his safety briefing along with Allan Grabeman.

John is simulating an airplane while Ana gets ready to marshal him in. A mass of other "airplanes" are close behind in our simulated pancake breakfast arrival.

Everyone had an opportunity to see how challenge it can be to marshal aircraft. It included seeing it from the pilots perspective (as an "airplane") and trying to remember what hand signals are used to manipulate the aircraft. "Stop" became real popular.
