WHEN:	WHERE:	PROGRAM:
NOVEMBER THURSDAY MEETING the 14th 7 PM	GRIMES FARM & CONSERVATION CENTER	ANNUAL CHRISTMAS DINNER!

WHAT'S FLYIN' THIS WAY !!!

Well, This freaky cold weather tells us it must be time for our **Annual Christmas Dinner!**

Right now we have 42 people who have signed up, so it will be another great party. The menu items of pulled pork (with bun if desired), fried chicken, cole slaw, mashed potatoes with gravy, and baked beans will be provided by Haley's Deli in Marshalltown. In addition, a relish and cheese tray and pie for dessert will be provided. Coffee, tea, hot chocolate and water will also be provided. The cost will be about \$14 per person. The exact amount will be determined when we know the total cost of the food.

We have a very nice setup to gather at the Grimes Farm and Conservation Center on the southwest side of Marshalltown. If you need directions, contact anyone on the right on how to get there.

It's been a while since we did a Crazy Santa gift exchange, so bring either a gag or serious gift that cost you next to nothing (like from the basement, attic, garage) and we will have fun passing them around. It works like this...

Everyone who brings a gift will draw a number to determine the order they go to the gift table and pick a present. Then the next person can choose a gift from the table OR retrieve an already opened gift! In the past, one particularly popular gift exchanged possession 4 or 5 times! It's a lot of fun and in the end everyone comes out smiling with what they ended up with.

Also, if you ordered a calendar, we should have them at the dinner, so you will be able to pay for them and pick them up at the same time.

If you did not get your reservation in for food, you are still welcome to attend the party and participate in the gift exchange. You can even eat, but reserved meals go first. We try and make sure everyone has fun! See you there!

WHAT FLEW BY !!!

For those who attended the October meeting a lot was learned about what the Ninety-Nines International Organization of Women Pilots is all about from Carol Berg, a local who is a member of the Iowa Chapter. They will be having their November meeting at the Marshalltown Airport on November 17th if anyone is interested in knowing more about the group.

Their emphasis is creating scholarships for women interested in pursuing careers in aviation. Currently, the Iowa 99's are offering a \$500 scholarship for a student pilot's checkride. More information can be found at their website, <http://iowa.ncs99s.org/>

MEMBER NEWS

Five or six hearty souls met at the MIW entrance and walked the ditch for our biannual community service of picking up the garbage along the airport road. Thanks to all who were helped!

Les Risius has been doing more taxi testing of his Cavalier after fixing a tail-wheel shimmy. So far, so good. Looking forward to first flight.

Don Lutes has his Cessna 150 for sale. Lorin Miller says it flies very nice. Don has been having some health issues, so keep him in your thoughts and prayers.

Corey Butcher has the tail feathers and one upper wing painted of his Voisin 35.
