## Chapter News—Let's Get Going!

### PRESIDENT'S MESSAGE

Ken

Jim

This is the first newsletter for our new **EAA Bruce McCombs Chapter 72**. The new chapter is also now a 501(c)(3) with new bylaws. We have accepted into the new Chapter the donation of the Rans S19 from Ken Hendrickson. Ken will now be able to take a tax deduction for the donation of the Rans. There are a few other changes to the chapter which we will discuss at the **November 15th meeting**. It was the first time that Ken Hendrickson or his family had seen the S19 completely assembled (short the engine). It was the first time anybody had seen it assembled and Dana, Scott, Hank and I were just as anxious to see it as Ken was. So early afternoon Thursday, just prior to our October meeting, Dana delivered the plane to the MLLAA hangar and the four of us slipped the wings on and installed all the control surfaces. If you were one of the 30 chapter members who attended, then you also got to see this beautiful little airplane. If you missed the October meeting, you also missed the opportunity to meet **Ken, and his family, Janis Dean, and Erick**. Like Ken, they have all been around airplanes all their lives and are very good pilots. Wouldn't it be something if they all joined our chapter! We can only hope.

You also missed a very good presentation by **Mark Steward** on Mountain flying. I think we all learned something about flying in the mountains. I didn't know that

## Chapter News

the FAA considers anything above 6,000' as mountainous terrain, like the rising terrain just north of Meadow Lake Airport, which continues to smack one or two uneducated low-land pilots every year!

I mentioned that we assembled the plane short the engine and propeller. The Rotax 912 engine is going to cost more than twice the amount the chapter has in the bank. I received a call from Ken the day after our meeting and Ken said he had just been looking through the newsletter and realized that the chapter didn't have any money! He said he felt bad that he had given us an incomplete project, not realizing that we couldn't afford to buy the engine, so he bought one for us and it may be here, along with the prop, by the time you receive this newsletter. **I cannot believe the generosity of this kind MAN.**

We have another stroke of good luck in that Eric Payne has offered to let us assemble the S19 in the hangar at his house! With Dana in charge of this project, I don't think it will take too long to complete. I know that Dana will be looking for some help from the chapter but mostly from those who have signed up for the flying club. The chapter owes it to Ken to finish this project with the same quality of workmanship that he has put into it. It will be a challenge but with the talented people that we have in this chapter I feel confident that it can and will be done.

Esther Smith has sent out some post cards about the chapter's December Holiday Get-together and requested RSVP's. If you are planning to attend please RSVP to [jim@kdsteward.com](mailto:jim@kdsteward.com) ASAP. I need to give the Airplane Restaurant a headcount by November 15<sup>th</sup>.

Blue skies ahead!

Jim Steward, President  
Chapter 72

Fred Carter - Engines      719-291-0815  
Jay Brinkmeyer      719-963-3408

### About Our Chapter

EAA Chapter 72 meets at Meadow Lake Airport. **Meetings are on 3rd Thursday evening of each month** with a Young Eagle Rally and/or breakfast/brunch/lunch or other activity throughout the month on Saturdays. Look for the calendar of events to highlight special chapter events like Young Eagle Rallies, fly-outs, and all other chapter sponsored activities.

The Chapter Newsletter is published monthly, normally mailed and available on the website a few days before each meeting. Readers are encouraged to contribute articles, photos, etc. by submitting them to the Newsletter Editor in hard copy — email, pen/paper, as long as it's not verbal—by the first Saturday of each month.

**Annual membership is \$25. Send to Sandy Martin, at 7505 Mallard Drive, Peyton, CO 80831, payable EAA Chapter 72, and start receiving the newsletter each month, attending the meetings and having a great time with sport aviation.**
