- **FLIGHT TO SUCCESS**
by Greg Thomes, Chapter President

If you gaze around our airports (those places where our members hangar their planes), you’ll see some amazing aircraft. One will also find some planes which have been neglected for many years.

Now the old saying, “One man’s junk is another man’s treasure” may come into play here. But, remember, even flying machines decay over time when not used.

Anything of value (even airplanes) reach a point where the cost to put that item back into service far exceeds any novel or intrinsic return. But, changing that pattern is right at your fingertips!

Two points here:

#1) Airplanes are made to be flown...as often as possible. My goal is to get-back-to 100 hours of flying this year. What’s your goal?

#2) What better way to hone your EAA skills than to put a neglected plane back into the air? Make this the year you get “ole Betsy” airworthy again.

May your skies be bright and breezes light!

Greg Thomes, President

- **DONATIONS AND RECEIPTS FOR EAA CHAPTER 878 SCHOLARSHIP PROGRAM UNDERWAY**

by Kyle Weatherly, Scholarship Committee Coordinator

If you haven't yet made a donation to our scholarship program, but have been meaning to, please do this as soon as possible so final scholarship planning can be completed.

Contact Kyle at 612-759-5227 or k.weatherly@live.com.

- **CHAPTER LIBRARY**

by Wayne Flury

You may know (or more likely, maybe not) that the chapter has a collection of donated books, magazines, DVD's, VCR tapes (ask your parents what these are) and other miscellaneous aviation items. This was kept in a storage cabinet in the common area between the two hangars owned by Tim Bond.

With Tim's decision to sell his hangars, he asked that the cabinet and contents be removed.

I've brought the cabinet and contents to my home storage shed/workshop. I'll get with our Chapter Librarian Harold Greseth to do some sorting and tossing as appropriate. I'll probably bring the magazines to the Chili Feed with a "Free. Take them home with you or they will get tossed into recycling" note. The magazines are mostly Sport Aviation, and Warbirds.
