- **FLIGHT TO SUCCESS**  
by Greg Thomes, Chapter President

This month, let's acknowledge the newly re-formed Young Eagles flight line committee.

In the 1970 hit song, Forever Young, Rod Stewart sings "May good fortune be with you, may your guiding light be strong." The immediate accomplishments of the Young Eagle's Committee are being felt in our area and are emulated by this song! With this type of organization, we should be able to put aviation firmly in the hands of our future pilots. There is a *strong guiding light* for our area youth to follow.

Committee Chairmen, Kyle Weatherly and Kurt Pennuto have really got-it-going with a sound 'ground' school program for participants. Flights with our chapter's pilots have gotten off to a good start. 2018 should be a banner year for YE in central Minnesota.

If you haven't gotten-on-board yet with *Young Eagles*, visit with one of our Co-Chairmen. EAA is passing along a wonderful passion to our future generations. We're helping them to be "*Proud, dignified and true.*" – Stewart.

May your skies be bright and breezes light!

Greg Thomes, President

- **BUFFALO PANCAKE BREAKFAST FLY-IN, JUNE 10**

See the fly-in poster included with this newsletter for our 2018 Buffalo Fly-In Pancake Breakfast sponsored by EAA Chapter 878.

As noted on the poster, this is much, much more than just the pancake breakfast. There is also a Wright County Car Club car show, and the afternoon wraps up with an air show performance by Mike Wiskus in the Lucas Oil Pitts Special. For those who have been part of this before, you know it is a great package deal of entertainment! If you haven't been to the Buffalo fly-in before, make this the year to change that!

The pancake breakfast is a great fund raiser for the chapter. Or, at least it is when we don't get nasty weather moving through all morning as we did last year! Keep your fingers crossed for good weather.

As with any chapter fund raising event, whether it is this pancake breakfast, or our pork chop dinner, or our recent chili feed, the key to success is having support of the chapter membership in the form of volunteer contributions of your time. Please plan to help as you are able. Set up will be on Saturday, June 9 at approximately 1:00 p.m. We'll have two work shifts available on Sunday. Contact Greg Thomes to volunteer for an assignment area.

The Buffalo fly-in is listed on several websites and we should have a good turnout.

With your help, it will be a great event!

- **NEW CHAPTER POSITIONS OPEN**

by Greg Thomes

As noted in the May meeting minutes, the possibility of adding two new volunteer position was proposed: *Culinary Officer* and *Mixologist* (a title that will probably be changed to “*Beverage Coordinator*” or something similar). During the summer months we’ve been enjoying a light meal before our chapter meeting. In addition to an interesting chapter special program presentation, this meal helps to entice members to attend and it’s a good social time for members. Anyone interested in volunteering for these positions two (or one combined position) is asked to step forward.

**Culinary Officer:** Assist the Chapter President in organizing and offering a light meal at certain chapter meetings held from April to November. Any food purchased will be reimbursed by the chapter. Members at large will be encouraged to provide a “dish to share” to make the meal task easier. The light meal may be suspended for “Saturday morning winter meetings” or at other meetings as deemed necessary.

**Beverage Coordinator:** Assist the Chapter President in providing beverages and refreshments at chapter meetings and functions. This includes water, soda, coffee, etc. No alcoholic beverages will be provided by the chapter at chapter events. Any beverages purchased will be reimbursed by the chapter.

**Note:** A “donation bucket” for food and beverages will be available for member contributions to help defray expenses.

- **THE FUNNIES**  
by Wayne Flury

A cruel twist of fate brought these two pilots to the same table, each with a coffee mug proclaiming he was the "World's Best Pilot." As their narrowed eyes met, the fingers on their mug holding hands began to twitch, and others in the room slowly backed away. This could only be settled in one way – by a duel. A flight to the finish. They would meet again at high noon. A spot landing contest in a steady crosswind would finally answer the question.
