

# EAA Ultralight Chapter 75

North Central Wisconsin Lite Flyers

## Editors Notes

With Memorial Day just behind us we've really entered the summer flying season. Over the holiday there were many tributes to the airmen and soldiers who gave us, often with their lives, the free skies we now enjoy. Let us not forget them, ever.

Returning from the cemetery on Memorial Day, Dee and I enjoyed a special sight. As we approached the airport we encountered a flight of geese flying low over the tee hangars in an almost perfect V formation. One wing of the V had a slight gap in it and I commented that they too were celebrating the holiday with a *missing goose* pass, low over the airport!

As we turn our chapter calendar from May to June, we pause to pay tribute to our own fallen veteran, John

Reisinger, remembered so well on the June page. A man who played so many roles in his life from banker to farmer, we will remember his capable handling of the EAA Head Start program at Merrill and will certainly miss his stories and songs at our evening campfire outings. God speed, John.

Family commitments kept me from joining the chapter members at John Verfuert's acres south of Spencer. However field reporters

Steve Krueger and Ron Dertert did an excellent job of reporting this well attended event to me. All of the ingredients were there to make it a successful day; good weather with light winds until late afternoon and firm turf for landings and take-offs. As in the past, John was the perfect host with plenty of food. We understand that this year he even imported a French chef from Abbotsford, *Jacque La See*, who worked his culinary magic on the grill.

Highlights of the meeting were the election of Mike Leamy as Vice President and Russ Post to the board of directors. (The availability of energetic people such as these two, bodes well for the future of our chapter.) Russ

## Pioneer Day Update

Another year has gone by and an exciting Pioneer Day is coming quick! Here is an important update. The date is Saturday, June 17, 2000. Rain date will be Sunday, June 18, 2000.

Following is the time frame for flying to Pioneer.

### Stevens Point

Arrive 6:00 A.M.

Depart 6:20 A.M.

### Wild Rose

Arrive 7:00 A.M.

(meet up with WI. Rapids group)

Depart 7:20

### Omro Jump Zone

Arrive 8:15

(Pilots Briefing Mandatory with Ken Snyder)

### Pioneer Airport

Arrive 9:00 A.M.

EAA will have a registration table set up near the main Pioneer Office hanger. Whether flying or driving into Pioneer Airport, please check in at the registration table as soon as you arrive. For crews driving into Pioneer, parking will be available in the parking lot

## Editors Notes

(Continued from page 1)

was also given an award for his outstanding progress in ultralight flying.; It was only a year ago that he took his first introductory flight in less than perfect weather and one year later is an accomplished pilot with his own aircraft.

After the meeting, practice began for the upcoming Pioneer Day event at Oshkosh. We don't have the results of

behind the Air Academy Lodge. If you have equipment to drop off near the runway, check with the registration staff first for instructions. Lunch and dinner tickets can be bought at the registration desk. Coffee and donuts will be available for arrivals. Lunch and dinner will be served at Pioneer Airport. Bill Markstrum will be carpooling from Wausau, contact Bill at 715-845-8673 if interested.

Ken Snyder is our flight lead into Pioneer. This is an invitation event, contact Ken at 715-423-1128 with questions. Dan Marlenga is in charge of our annual competition event. Help is still needed especially transporting all of the competition event materials. Contact Dan at 715-359-7377 or Steve Krueger at 715-536-8828 if you can help. The following list is members who signed up to help setup and judge.

### Bomb Drop

Steve Krueger - chair

the competition but as usual Ace Krueger came away with *Top Gun* honors. We should have a good chance of winning the new *Flight Log* plaque at Oshkosh this year. Mark your calendar for the weekend of June 17th and 18th. Should be great fun.

It was reported that Steve Kuchera had two forced landings at Johns, once when he accidentally hit the kill switch and

Joe Mapes

???Help???

### Spot Landing

Steve Norris - chair  
Carl Greene  
Michael Leamy  
Bill Markstrum

Bunkhouse accommodations are available this year. Plenty of camping space is also available at the bunkhouse area only, sorry no camping under your wing.

Local motels close to the airport Motels:

### AmericInn

920-232-0300

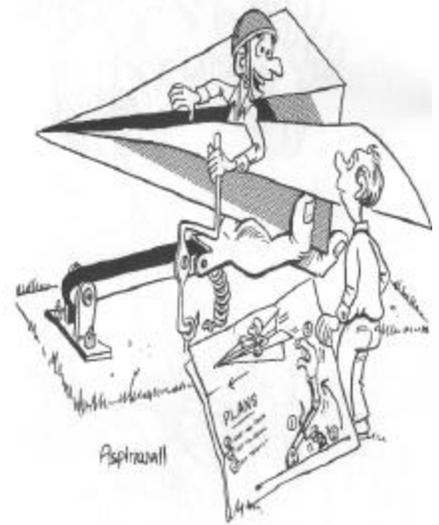

### Super 8

920-426-2885.

This is an invitational event to entertain guests visiting Pioneer Airport with ultralight aviation.

Enjoy - Be Safe - and have fun at Pioneer day 2000.

Steve Krueger

It's such a simple concept,  
I'm surprised that no one  
else has thought of it.

## Notes From the Secretary

We are in the process up updating our database to include e-mail addresses, which is helpful in sending supplemental information to our members. If you have an e mail account, please send a brief e-mail to stevebci@pcpros.net We would also appreciate any other information, such you aircraft Mfg., model, etc, aviation experience

one for real engine out. He handled both coolly for which he was awarded a double roll of toilet paper. The award speaks for itself.

The day ended with a fly-over from Tom Brown in one of his beautiful Wacos. (Tom has his aircraft factory in Spencer.) A group picture was taken before departure as well as in-flight pics once air-

## First Solo

Congratulations to club member Wes Pauls, Wausau, WI. Wes soloed officially on Monday, May 22. Way to go Wes!

## Editors Notes

*(Continued from page 3)*

borne and returning to base. As always, our faithful Videographer, Ron Detert was on hand to capture the event on film for all of us to enjoy at a later meeting. Many thanks to John for sharing his field, facilities, food and friendship. This has become a major event on our chapter calendar. Thanks John!

Just a note of apology to Dean Turner regarding my article in the May newsletter. It seems a typo gremlin changed the spelling of your improved

airstrip to improvised! It is anything but that, Dean, with all the work you have done on it; widening, improved approach, leveling and seeding. Our apologies. Enjoy it with your new Sea Rey.

Speaking of Sea Rey amphibians, late breaking news tells us that Dan and Patty Marlenga have arrived on Long Island, NY to pick up Dan's purchased Sea Rey. He is expected back here on Friday, June 9th. Several from our chapter are expecting to escort him in to home base on

that date. Good luck, Dan.

From my window overlooking the airport taxiway I saw Helmut, Rich and Russ taxing out on Saturday June 3rd. Presumably for a flight to the Slipstream factory at Wautoma. We'll want a full report on that adventure at a later date, fellows.

See you at Pioneer Airport, Oshkosh on Fathers Day weekend. What better way to spend Fathers Day!

Bill Markstrum

## NCWLF Calendar of Events

### June 17, 2000 Pioneer Day

Oshkosh & NCWLF Monthly Meeting
