Thank you Dan Walker for volunteering to provide us with a very nice place to hold the IMC Club Meeting.

You may have to park on the street if there is a dance class starting or finishing. Lots of parents dropping off and picking up their son's and daughter's.

It's about 15-25 pilots sitting around discussing how we might handle challenging IMC situations and reviewing instrument procedures.

If you like "Hangar Flying" you'll like IMC Club meetings.

For more information visit <http://eaa100.org> or call Dick Fechter (507) 272-5099.
