EAA Chapter 100 is a nonprofit association involved in the promotion of aviation through adult and youth education, hands-on training, building and maintenance of experimental aircraft, and through community awareness programs.

This publication by EAA Chapter 100, Inc. is for the use, education and occasional enjoyment of its members and others. No claim is made for the accuracy or applicability of information herein. Editorial content is the opinion of the contributor not necessarily the position of either EAA Chapter 100 or the Experimental Aircraft Association.

Reader submissions and comments are strongly encouraged.

EAA Chapter 100 Upcoming Events:

Local GA events including EAA Chapter 100 events will only be posted at <http://RSTGA.com> under the "Events" Icon. I need to consolidate these websites because I need more time flying and less time computing.

Our June 9th (this coming Saturday) EAA Chapter 100 Fly-

In will be at the Dodge Center Airport building. This will be our first "Fly In" of the season. The Hansons will be hosting this meeting. The program will consist of making sure we are ready for the Flight Breakfast and maybe a HQ EAA video tape plus lots of hangar flying and hopefully some real flying.

IMC Club meeting will be at the Rochester airport's CAP Meeting Room. (Just below the Great Planes Aviation office. Start at 1900L (2nd Wednesday of each month). So, the next one is June 13th.

Planned IMC Club discussion topics:

- Going to plan B after you realize you can't do plan A.
- Departure Procedures
- Question of the month

You can make things easier for me by registering at <https://www.faasafety.gov/SPANS/events/EventList.aspx> before the meeting. (This is not yet posted on SPANS. Try later this week)

More information about "IMC Club" is at <http://eaa100.44rf.com/imclub/imclub.htm>.

Cancellations will be posted on the EAA100.org website.

Young Eagles Rally and General Aviation Picnic is September 22nd.

As always, we need all the pilots we can get and twice as many ground crew as pilots. If you plan to fly Young Eagles and are not "Youth Protection certified, please do so ASAP. These certifications expire after 3 years. For more information on this go to: <https://www.eaa.org/en/eaa/aviation-education-and-resources/eaa-youth-education/youth-protection-policy-and-program>.

<p>June 17, 2018</p> 	<p>Father's Day Pancake Breakfast is June 17th, 7:00-noon. Click for this year's printable flyer and post in all the good places. I've posted them at: FBL, OWA, ACQ, MKT, FKA and 55Y. I also place ads in Social Flight.com, Fly-ins.com, and Tom will handle: EAA, MNDOT, IADOT, and MN Flyer. We will be serving: "Sturdiwheat" pancakes, scrambled eggs, ham, coffee, milk & orange juice. \$7 for adults, \$5 for kids. We'll need help on the 16th for setup and then on the BIG DAY. Come have fun with fellow members while we entertain fly-ins and locals.</p>
<p>Business Meeting Minutes</p>	<p>May 1st Business Meeting : The meeting was brought to order at 1900 hrs. by President Jim Owens; 9 members present. While there was no official business or votes needed, we did discuss:</p> <ul style="list-style-type: none"> • Pancake Breakfast: We will rely on "the usual people doing the usual tasks". Three new road signs will be made and grill leveling feet will be installed on the grills. President Jim suggested that the "usual people" need to document how they do their usual tasks at the breakfast. We really need this information in case they can't make it to work on some future Flight Breakfast Sunday. • Chapter Records: Tom Hall volunteered to Chair a committee to re-examine the contents of our Chapter Library in the AD building at KTOB. The two parts of this process will be: <ul style="list-style-type: none"> ○ Determine what to keep, and what is not necessary to keep in the Library. (Example: apparently ALL copies of Sport Aviation are on line and searchable) ○ Add items that only certain members have. (Example: files on past pancake breakfasts, original incorporation and non-profit documents, past IRS tax filings, member profiles, the B-17 and Ford Tri-Motors events, etc.) ○ The criteria should be: What documents / files should be available to any member who wants access; and the converse of course, what documents / files should NOT be available for general viewing. ○ John & Jeff Hanson will be part of this committee as well. ○ If you happen to have any relics of Chapter 100 documents in your home, please give them to Tom Hall. <p>Respectfully submitted; Tom Hall Secretary / Treasurer</p>
<p>EAA Chapter 100 Web site and Newsletter</p>	<p>After many years as the chapter's News Letter Editor and Web Master, I'm going to retire from those positions on or before Jan. 1, 2019. That means I'm challenging a chapter volunteer to take over these positions. Whoever it is really doesn't have to be knowledgeable as a webmaster to do that job as there is an app designed especially for EAA chapters. Knowing how to do word processing would be very handy though.</p>

New Rochester Area General Aviation Website. This website – <http://RSTGA.com> – will attempt to keep area pilots informed on local general aviation happenings. Please help me keep it up-to-date.
