Gettysburg Barnstormers—EAA Chapter 1041

Henry's Hangar

By Henry Hartman

Hello Barnstormers! As this month's column is being written, the wind is quite wild and the overnight temperatures are forecast to be in the single digits. Winter flying can be really wonderful when the weather cooperates so we'll hope for some better days ahead.

While the weather can mess with many plans, we're patiently waiting for the "partial government shutdown" to be resolved and the Udvar-Hazy Center re-opened. If you signed up to be part of this first Barnstormers Field Trip of 2019, you'll be kept aware of the changing schedule and notified of when we will make the trip.

I hope you made it to our January Soup-er-Sundae event, and thanks to everyone for all the tasty selections we had for lunch. There is always a lot of fun involved when our members and friends gather at the airport "for just another excuse to eat!" The next Soup-er-Sundae events will be Feb. 24th and March 24th. Come and enjoy!

The AOPA has announced they will be holding an Open House at their Frederick headquarters, Friday May 10th & Saturday May 11th. One of the highlights will be a display featuring the D-Day Squadron and their C-47's in preparation of their flight to Normandy for the 75th anniversary of the invasion of France. Stay tuned for more details of all the festivities and how you can attend this interesting event.

If you are not in the habit of attending our monthly meetings, you really don't know what you are missing! Programs at meetings have some very interesting speakers and topics. In addition to the great "hangar flying" that takes place, we have very good refreshments. The program is the first thing on the agenda,

starting at 7 pm. The program usually is finished within an hour, followed by a 15-20 minute break for refreshments. The business meeting then completes the evening, and we're typically finished before 9pm.

It's not too soon to start planning your July getaway to AirVenture Oshkosh! The Barnstormers are expecting to again take advantage of the EAA Chapter Camping program, so come to our monthly meetings and read this newsletter for more details as we get closer.

Please check the Barnstormers calendar on the Chapter website and participate in our meetings and other activities.

Henry

Editor's Notes

If you have read an interesting aviation related book let me know and I will include it in a future edition of The Observer

Gettysburg Barnstormers—EAA Chapter 1041

The February meeting will review the Ray Aviation Scholarship and the Chapter's commitment and obligations if we are selected as an eligible chapter.

\$10,000 per chapter is available for flight training for a youth selected by our chapter

Be prepared to recommend a recipient for this scholarship!

Have an aviation related link? I'll include that in a future edition also.

Book Review

The Mighty Eighth: The Air War in Europe as Told by the Men Who Fought It

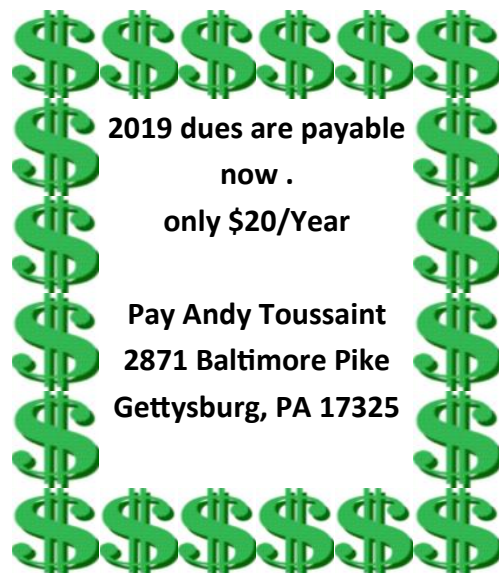

by [Gerald Astor](#)

In the skies of World War II Europe, the Eighth Air Force was a defining factor in turning the tide against the Nazis. In these gripping oral histories, the sacrifice, savagery, and

supremacy of the "Mighty Eighth" is described by those who experienced it...and survived it.

At the outbreak of World War II, America was woefully unprepared for a fight, though Europe was already years into the battle. Soon, though, America's war machine was rolling out pilots, engineers, planes, and materials in astounding numbers. It was called the Eighth Air Force—and it would hit the Nazi juggernaut like a lightning bolt. Launching a then-groundbreaking campaign of daylight bombing runs, the men of the Eighth would suffer more casualties than the entire Marine Corps in the Pacific theater. But they would also prove to be the most effective weapon against the enemy, taking out strategic targets such as munitions plants and factories that were vital to the German war effort and grinding them to a halt. In *The Mighty Eighth*, the men who fought in the greatest air war in human history tell their stories of courage and camaraderie as only those who were there can tell them.

-R-

Join us on Sunday February 24th at the airport for the second Soup–R–Sundae event of 2019 . Bring a can or two of soup to add to the “common brew” and enjoy the tasty result. To date we have never had a “soup failure.” Bring a dish to pass, soup bowl, utensils, and a hearty appetite. Soup is served about 1:00 PM. Plan to enjoy hanger flying as well as an aviation related movie or video. This event is certain to take the chill out of those cold winter months of January, February, and March.
