Gettysburg Barnstormers—EAA Chapter 1041

Gettysburg, Pennsylvania

Henry's Hangar

Great Job, Barnstormers! You pitched in and made our June Breakfast event a record weekend! We surpassed the record set during our June 2019 weekend by 2, for a total of 903 breakfasts served. Both days saw a combined total of 85 aircraft arrive for the event. Congratulations on a fabulous weekend. We sincerely appreciate the efforts by all of the great folks who contributed in any way at all.

As you should recall, our Chapter has again been selected to receive a \$10,000.00 Ray Aviation Scholarship for 2021-22. It's my pleasure to announce that Ross Clements has been chosen by our Chapter RAS Committee to be the recipient of this flight training scholarship. Ross will be starting his training soon, with Chapter member Michael Cooper-White serving as CFI. Ross has already soloed in a glider at M-ASA and we feel he will have no problem transitioning to powered flight.

One of the requirements of the Ray Scholarship is that Ross will need to pass his FAA Written Exam within the first 6 months of his training. Chapter members and CFI's Art Shaw and Michael Cooper-White will be leading a Ground School, so here's an opportunity for many of us to enjoy a "refresher course". There are several more candidates for the ground school as a result of the Flying Start event that our Chapter promoted this spring. Stay tuned for

more news on when the Ground School will start.

Opening our July 12th Chapter Gathering, member Conrad Brown will present a program detailing his successful experience with a Ray Scholarship that he received through neighboring Chapter 122. Make plans to be there and hear from our newest Private Pilot!

July, of course, is the month for the annual EAA Convention, more properly known as "AirVenture Oshkosh". If my count is correct, there will be at least 10 Barnstormers making the trek to Wisconsin for some of the entire week-long extravaganza. During our August 8th Chapter picnic at Mathna Airport, we'll have several members relay their experience from AirVenture 2021.

As I close out this month's column, I would like to ask a favor of our members. The September 25-26 Breakfast event will be another opportunity to spend some quality time with your fellow Chapter members. We hope to have as much help as we enjoyed in June, and especially we would like some extra help on Sunday when it's time to clean up and pack up our equipment. There will be more news on this as we get closer to our second breakfast weekend. Thanks again to everyone that helped at the June breakfast.

Henry

The July Chapter meeting will be held on July 12th. This is the second Monday not the usual 1st Monday of the month.

Editor's Notes

If you have read an interesting aviation related book let me know and I will include it in a future edition of The Observer

Gettysburg Barnstormers—EAA Chapter 1041

Gettysburg, Pennsylvania

June Speaker will be Conrad Brown

Conrad will review his experiences during his training as a Ray Aviation Scholar sponsored by Chapter 122. We look forward to hearing about his experiences in Harrisburg and perhaps we can benefit from a different perspective concerning training for our future scholars.

Have an aviation related link? I'll include that in a future edition also.

www.intrepidmuseum.org

www.york-aviation.com

www.airfactsjournal.com

www.jerryandersonart.com

Thanks to all those members that volunteered for the refreshment committee. We now have enough volunteers to cover all chapter gatherings through December 2021. The list will be published in the newsletter every month to serve as a reminder to committee members.

The Women with Silver Wings: The Inspiring True Story of the Women Airforce Service Pilots of World War II

by [Katherine Sharp Landdeck](#)

When the Japanese attacked Pearl Harbor in December 1941, Cornelia Fort was already in the air. At twenty-two, Fort had escaped Nashville's debutante scene for a fresh start as a flight instructor in Hawaii. She and her student were in the middle of their lesson when the bombs began to fall, and they barely made it back to ground that morning. Still, when the U.S. Army Air Forces put out a call for women pilots to aid the war effort, Fort was one of the first to respond. She became one of just over 1,100 women from across the nation to make it through the Army's rigorous selection process and earn her silver wings.

Famous fighter series continued The Vought F4U Corsair

Max Speed: 446 MPH

Range: 1000 Miles

Maiden Flight May 29,
1940

Length: 33'8"

Wingspan: 41"

Manufacturer: Chance
Vought

The Vought F4U Corsair is an American fighter aircraft that saw service primarily in World War II and the Korean War. Designed and initially manufactured by Chance Vought, the Corsair was soon in great demand; additional production contracts were given to Goodyear, whose Corsairs were designated FG, and Brewster, designated F3A.

IMC/VMC June 12th 2021

Sam Kistler Photos

The IMC/VMC questions of the month were discussed .

The June Video featured “The Impossible Turn” and also a video discussing fuel management and the usual IMC/ VMC questions of the month were answered.

The program for for July will not have questions of the month provided by the Chapter office. We will discuss aircraft grounding while refueling with a demonstration checking grounding places on an aircraft ,stall spin prevention, some new thoughts, and jet blast awareness while taxiing.

Fly-Out Destination

The Fly-out destination for July will be discussed at the meeting. Fly-out requests can be made to Dick Young our fly-out Coordinator.

THE EAA 1041 SKY RAIDERS

The EAA 1041 Sky-Raiders have a scheduled fly-out on the 3rd Saturday of each month.

Each pilot will make their own go/no go decision. Please call or email Dick Young (717-521-7942) (dicknraney@comcast.net) no later than Friday afternoon if you plan to join the flight. Dick will make restaurant reservations at the destination airport; therefore, an accurate count of participants is appreciated.
