Gettysburg Barnstormers—EAA Chapter 1041

Gettysburg, Pennsylvania

Henry's Hangar

"EAA Chapters are like churches, each dedicated to spreading the word of sport aviation". *Paul Poberezny, EAA Founder, 1921-2013*

As we get ready for the first Fly-In/Drive-In Breakfast of 2022, we all need to "spread the word" about our passion for flight. Our twice-yearly Wings, Wheels, & Pancakes events are successful due to the dedication and efforts of you, our members. Please make plans to come out and lend a hand so we can have a fun and profitable June 4-5 fundraiser.

The good news about our student pilots continues to roll in! Ross Clements completed the requirements of the Ray Aviation Scholarship a few days before our April meeting when he successfully passed his checkride. Ross is now a licensed Private Pilot and is on his way to bigger and better ratings. Tina Richardson recently passed the PPL Written Exam after having soloed last month! Nathan Hawkins continues his studies in Florida after earning his Commercial rating as we mentioned last month. The Barnstormers congratulate all of our students!

Speaking of students, the Ray Scholarship Committee is getting ready to select a candidate for the next \$10,000.00 Flight Training

Scholarship that has been awarded to our Chapter from EAA. We have a difficult task as several very well qualified applicants have submitted paperwork.

It sounds like the program for the May will be very interesting, with the story of some of our members and their first experience attending Sun n Fun. Be sure to come out to the meeting for this presentation and we will also be finalizing details for the June breakfast. We need your help to make it all work.

If you are planning to attend AirVenture Oshkosh, now it the time to make your Chapter Camping reservations. EAA will mark off an area for our members so we can be together for the annual convention. This is a great way to have more fun and spend time with some Chapter members that you might not know very well. More information will be given at the May meeting so be there to learn all the particulars.

Henry

If you plan to camp at AirVenture please sign-up at the May meeting. We will need a check for \$270 payable to Gettysburg Barnstormers by the end of May to reserve your camp site . This guarantees our prime camp site.

Editor's Notes

If you have read an interesting aviation related book let me know and I will include it in a future edition of The Observer

Gettysburg Barnstormers—EAA Chapter 1041

Gettysburg, Pennsylvania

May Program

The May program will be a report from Sun-N-Fun by the Richardson family

Programs are needed for future months

Have an aviation related link? I'll include that in a future edition also.

NOTE: A chapter "Flying Start" event is scheduled for May 14th at 11:00 AM. As of the date of publication of *The Observer* no one has registered for the "Flying Start" event. Jason Pape will keep us advised if anyone registers for the event or if the event will be cancelled. Expect an email notification regarding the status of our "Flying Start" event.

Book Review

JFK Jr.'s Last Flight. How it Went Tragically Wrong and Why

by Richard Roth (Author)

John F. Kennedy Jr.'s last flight told in story form, including the days leading up to that fateful night. We also follow the story through the eyes and actions of an NTSB go-team as they investigate how and why this plane crashed. Plus, we see the effect JFK Jr.'s personal life had on events. This book allows us to understand easily how things went so terribly wrong and why the son of a president died.

This book consistently ranks in the top 10 Kindle Aviation books and in the top 25 Kindle Biographies of the Rich and Famous.

About the Author: Richard Roth is a pilot, instructor, air show performer, warbird rebuilder and served with the British Royal Air Force. He is also a writer and has written for the Swedish film and television industry. He lives between Arizona in the USA and Norfolk in the UK and currently flies sailplanes and other interesting aircraft.

Chapter 1041 has been selected as a Gold Chapter!! One of Three in Pennsylvania!

Dear Chapter President,

Congratulations to your chapter in successfully reaching the GOLD level status recognition level for the combined 2020 and 2021 years. EAA is happy to present you with a chapter recognition banner to proudly display where your chapter meets. Your level also will be displayed online at EAA.org/FindAChapter with a specially designed emblem. You are encouraged to use your emblem on your website, newsletter, and other promotional materials; your chapter emblem is attached in this email.

To review your chapters overall scoring, please see the attached spreadsheet document, and simply find your chapter.

This program was developed and measured in partnership with EAA's Chapter Advisory Council, and is based on 10 criteria that are consistently found in active and highly engaged chapters. Due to 2020 and 2021 being, challenging years for chapters to maintain a high level of engagement, these years have been combined into a single recognition period. This was done to help chapters have a longer period of time to engage in the 10 criteria. An additional 11th criteria point was included this year to help offset the unique challenges associated with limited social engagement, and to observe unique chapter approved activities. Each is worth a point, and there are three levels of recognition: bronze (7 out of 11), silver (8 out of 11), and gold (at least 9 out of 11).

1. Attends a chapter leadership training session
2. Growing or steady membership
3. Offers IMC or VMC Club programs
4. Participates in Young Eagle or Flying Start programs
5. Has EAA-approved Flight Advisor or Technical Counselor
6. Participates in EAA's Annual Chapter Member survey
7. Participates in Young Eagles Build and Fly, Young Eagles Workshops, Ray Aviation Scholarship program, or sends a youth to EAA's Air Academy
8. Requests an EAA ChapterBlast email
9. Hosts at least two public events each year
10. Owns/leases a facility
11. Extra credit activity, such as a chapter build project, youth build project, chapter scholarship, a chapter tool crib, IAC competition, etc.

To learn more about this program, how scores are calculated, and how to improve your chapter's recognition score, please visit EAA.org/ChapterRecognition. If you have additional questions, please call us at 920-426-5912 or send an email to chapters@eaa.org.

Tailwinds,

John Egan, Sr. Manager, EAA Chapters

Fly-Out Destination

The Fly-out destination for May will be discussed at the May Meeting. Fly-out requests can be made to Dick Young our fly-out coordinator. Due to bad weather on the weekends we will discuss the possibility of an alternate date Mid-Week if we cancel the normal Saturday date.

THE EAA 1041 SKY RAIDERS

The EAA 1041 Sky-Raiders have a scheduled fly-out on the 3rd Saturday of each month.

Each pilot will make their own go/no go decision. Please call or email Dick Young (717-521-7942) (dicknraney@comcast.net) no later than Friday afternoon if you plan to join the flight. Dick will make restaurant reservations at the destination airport; therefore, an accurate count of participants is appreciated.
