

SAT AM, JAN 25 – EAA106 Project Visit –

Vans Aircraft RV-10 kit – under construction **By member Adam Bezanson**

Come see what's involved in building your own aircraft!

WHEN:

Saturday, Jan 25 – Meet at ~9:30 am

WHERE: Fremont, NH

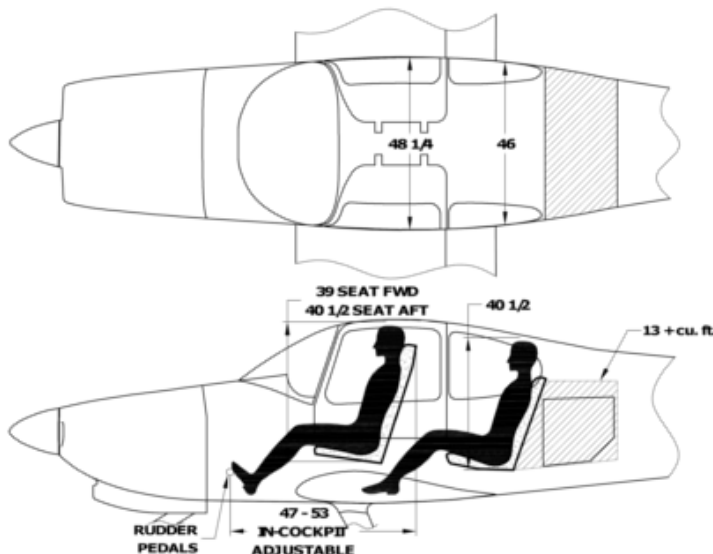

(email EAA106.INFO@gmail.com for details)

Learn about the RV-10:

<https://www.vansaircraft.com/rv-10/>

METAL AIRCRAFT with FOUR REAL SEATS

Unlike many four-place aircraft, the RV-10 will allow you to fly with four actual, full-sized adults on board - in comfort and with plenty of room to spread out and relax.
